## RMS PACT FORECAST New Conference in Prospect

Washington's Concurrence in  
Franco-British Naval  
Accord Indicated

Agreement Interpreted as  
Having Finally Solved  
Submarine Issue

WASHINGTON, July 31. (AP)—The Franco-British compromise formula proposed as a solution of the naval disarmament deadlock in which the preliminary conference of Geneva is held, probably will prove acceptable to the United States as a member of that conference.

In advance of a study of the forthcoming British communication on the subject, government spokesmen appeared today to see no objection to the plan and they anticipated it would result in the reconvening of the Geneva preliminary conference, probably in the fall.

**ACCEPTS FRENCH VIEW**  
The terms of the Franco-British understanding are believed in a general way to agree with the French theory that an all-embracing naval tonnage total be assigned to each power under the projected universal disarmament, or rather limitation of armament, treaty, for which the League of Nations hopes to pave the way through the deliberations of the preliminary conference. To reconcile this with the British point of view, also shared at Geneva by the United States and Japan, France is willing, it is understood, that a specific construction program for each category of combat ships within the limits of the total or global tonnage allotment shall be laid down by treaty.

The construction treaty, however, whether incorporated in a general disarmament project which would include land as well as sea armaments, or as a separate treaty matter, would be effective only for a definite period of time, such as ten years, within which time each nation would be required to exceed the specific tonnage in any category.

**SUBMARINE ISSUE SOLVED**  
The nubbin of the whole matter, it is believed here, is that at last France and Great Britain appear to have arrived at a solution of the difficulty in regard to construction of submarines which prevented extension of the Washington five-power naval reduction treaty to other than capital ships. The British carriers so far as tonnage limitations went, it was French rejection of any limitation on submarine construction that led the British then to decline to accede to any limitation on antisubmarine craft, such as cruisers, destroyers and smaller vessels.

**CHAMBERLAIN ACCEPTS  
INVITATION TO SIGNING**  
LONDON, July 31. (AP)—Sir Austen Chamberlain, British Foreign Secretary, has accepted an invitation

## Will Rogers Remarks:

SANTA MONICA, July 31.

(To the Editor of The Times.) All America used to have to do to win the Olympics was to buy some steamer tickets. The thought never entered our heads that any nation could beat us in field sports because we were the first ones that specialized in one event and had trainers. Now they all have learned and are doing that, so we are no greater than any other nation after they get on to our tricks. Same way with our mass production and buying on credit. They are getting on to that now so it looks like prohibition is about all we have on 'em.

Yours,

WILL ROGERS.

## STAGE TOUR IN DISCARD

## New Voice Film to Oust Actor

Shubert, Woods and Brady  
Combine Gets Process  
for Reproductions

Original Casts and Setting  
of New York Successes  
Will be Offered

NEW YORK, July 31. (Exclusive)

The gradual elimination of touring stage companies and their supercedure by talking-motion pictures may be foreshadowed in a new plan to be launched by A. H. Woods, the Shuberts and William A. Brady.

Beginning in about six weeks, these three producers, with perhaps several others, will start to make mechanical reproductions, using the original casts of stage plays. The film and blood actors will be restricted to the larger cities—eventually, according to the plan, to New York, Chicago, Boston and Philadelphia.

These three producers, it was learned, have acquired their own reproducing process by the purchase of the majority stock of the Vocafilm Corporation of America which has offices and studios at 122 Fifth avenue. This was the first of the talking film companies to attempt the reproduction of a film in New York City, their picture, which has Babe Ruth as its star, having been exhibited just a year ago at the Loew's Theatre. At that time it was found to be mechanically imperfect and was withdrawn. Since

## NUN NAMED BY SLAYER

## Assassin Toral Given Hearing

Admits Woman Indirectly  
Influenced Him to  
Kill Obregon

Offers No Defense, Refuses  
Counsel and Halts  
Charge Reading

MEXICO CITY, July 31. (AP)—Jose De Leon Toral, assassin of President-elect Alvaro Obregon, admitted in testimony before a criminal court today that a nun "indirectly influenced" him in his deed.

His hearing before a court marked the first step in the legal procedure which is aimed at trial and punishment for the assassination of the President-elect. It took place before the preliminary court of first instance of the town of San Juan, where the crime was committed, and suburb of Mexico City.

**OFFERS NO DEFENSE**

When Toral was placed on the stand he was asked first if he had a lawyer to defend him. He answered no and the court made the customary offer of an attorney, which Toral refused. The court, nevertheless, appointed two lawyers to defend him.

Toral's only comment on the procedure was that he had no defense to offer.

In the questioning which followed he asserted vehemently that "no body on earth" knew his intention to assassinate the President-elect. Further questioning elicited the statement that he had been "indirectly influenced" by the nun, Concepcion Acobedo, who is being held by the police in connection with the case.

This statement is after a fashion, contradictory to his contention all along that no one had influenced him in the least, and follows a denial by the nun herself that she had done so.

Toral, calm and composed, without a collar and his hair neatly combed, showed more than a week's growth, was brought from the police headquarters to the San Juan court at noon under a heavy guard. On the stand his voice was low but tremulous and with precise enunciation. He made few gestures, but occasionally clenched and unclenched his fists.

**FINAL PLANS UNDETERMINED**

He seemed utterly indifferent as to what was going on about him, the only evidence of interest came when he thought he saw chances for shortening the proceedings. For instance, when the clerk of the court began to read a long document consisting of a police statement with the formalities of a preliminary hearing, he interrupted to say "It is unnecessary to read this document. It is all true and I have already signed every page of it." The charge was then formally entered by the court. It has not yet been decided whether the preliminary hearing will be followed by a formal trial, or whether there will be an interval. Whether the trial will be held in San Juan or in Mexico City was before Judge Alonso Anzor. The lawyers of the prominent members of the Mexico City bar. They stated tonight that they had not formulated any plan of defense for Toral and would hardly do so for the present.

**WOULD HAVE KILLED CALLES**

Toral, questioned by Judge Mendonza, admitted that he would have killed President Calles, too, if he could have slain him at the same time with Obregon.

"However, I never thought especially of killing Gen. Calles," he said.

Prosecuting Attorney Correa Nie-to, prosecuting Toral to tell the truth and told him that if he did not tell the truth he would be sentenced to death. He said he had been shown since he was arrested.

"No person on earth did I give the least indication of my intention."

**Hughes Obtains  
Added Support  
for Bench Post**

GENEVA, July 31. (AP)—Portugal and Denmark today joined numerous other nations which have nominated Charles Evans Hughes of the United States for the vacant place on the bench of the Court of International Justice at The Hague.

The convention resulted from the second conference on the subject which was recently held here. When ratified it will reduce the number of restrictions by different countries which grew up as a result of the war.

**Ocean Rower  
in Caribbean**

VIRGIN ISLANDS, July 31. (AP)—Franz Romer, German steamship officer, who left Lisbon on March 3 in an attempt to row across the Atlantic in a collapsible boat, arrived at St. Thomas today. Romer is well and conditions are favorable for continuation of his trip.

Romer's boat is twenty-one feet long and has a three-foot beam. He is contending for a prize of \$25,000.

**Farms and Ranches**  
Vegetable, chicken, rabbit, stock and dairy ranches—you have everything to choose from in Times Want ads. More real estate offerings appear in The Times than in all other Los Angeles newspapers combined!

## EUROPE-IN-DAY SCHEDULED

Sixty-Passenger Trans-Atlantic Plane Slated for  
Construction in Four Months

NEW YORK, July 31. (AP)—Completion of tests on the model of a seaplane designed to carry sixty passengers across the North Atlantic Ocean in twenty hours was announced today by O'Connor Trans-Atlantic Airways, Inc.

Present plans call for construction work to begin immediately with the probability that the first plane will be completed in four months. The O'Connor company has been organized to develop a project looking to the establishment of trans-Atlantic and coastwise South American and Bermuda routes.

Other large claims were \$1,224,000 for Edward Hillman, Chicago merchant, and \$1,029,976 for John R. Thompson, Chicago restaurateur.

New York with a total of \$63,000, led the country in insurance payments. Chicago was second with \$3,708,000.

## Eastern Church Conferees Urge Hoover Support

ATLANTIC CITY (N. J.) July 31. (AP)—The eastern conference of undenominational churches unanimously adopted a resolution today calling upon their members to throw their entire support and influence to Herbert Hoover in the coming Presidential election.

The conference was attended by delegates from New Jersey, New York, Pennsylvania, Delaware and Maryland.

## State Halts Mussel Sale

SAN FRANCISCO, July 31. (AP)—The State Board of Health today ordered restaurant owners and fishermen to cease sale of mussels caught in the coastal region between Monterey Bay and Del Norte county on the ground that those shellfish have become poisonous.

The order was based on the findings of Dr. Karl F. Meyer, director of the Hooper Foundation for Medical Research and consulting bacteriologist for the board of health. He said the poison disappears from the mussel flesh in winter.

## Three Skeletons Found in Ashes

GUERNSEY (Wyo.) July 31. (AP)—Lost of at least three lives in the wreck and fire of twenty-three tank cars of gasoline, oil and coke near here Sunday was established today with the finding of the fragments of three human skeletons.

Possibility that twelve men instead of eight perished in the flames was advanced by a hobo who left the train a few minutes before it was derailed. He said there were twelve men on the train at the time he left and they remained in the empty freight car which was destroyed.

## Alimony Claim Held Insanity

NEW YORK, July 31. (Exclusive)—Attacking her sanity because she asked more in alimony than the salary of the President of the United States, attorneys for Arthur J. Richman, playwright, today opposed the suit for divorce filed by his wife, Madeline Marshall, actress.

Mrs. Richman asks \$100 weekly alimony and \$10,000 court fees.

## AIRSHIP COMPLETES EAST COAST FLIGHT

LAKEHURST (N. J.) July 31. (AP)—The naval dirigible Los Angeles returned to the naval air field here this morning after an all-night training flight down the coast to Baltimore and back. The big air-cruiser was under the command of Lieutenant-Commander H. V. Wiley and carried her regular crew of forty-two officers and men.

## MAILS TO BE SPEEDED BY SHIP PLANES

Postoffice Department to  
Start New Service on  
Atlantic This Month

WASHINGTON, July 31. (AP)—The Postoffice Department announced today it will inaugurate a seaplane transoceanic mail service with the sailing of the French liner *Le Havre* August 8 and from New York August 17.

An amphibious plane will be used leaving the ship at such a distance from the American or French coasts as to save twenty-four hours in the time of arrival of the mail at its destination.

## Powder Goes Up in Arsenal Fire

DOVER (N. J.) July 31. (AP)—Fire today consumed a quantity of smokeless powder and destroyed two buildings at an estimated loss of \$135,000 at the Picatinny arsenal of the United States Army near here.

Starting with a sudden flare when powder in the cannon powder blenders' building became ignited, the conflagration spread to a near-by small-arms powder plant before being placed under control by the arsenal fire department.

Officials in charge laid the fire to static electricity. Nine men in the building escaped with minor injuries.

## Mexican Rebels Killed in Battle

MEXICO CITY, July 31. (AP)—A dispatch from Guadaluajara today said seventeen insurgents had been killed and many captured in a bloody battle at San Salvador ranch, where the men were entrenched.

The battle, which lasted two hours, occurred Saturday night. The insurgents were stated to have been commanded by twelve chieftains and five Catholic priests.

## East Coast Gets Australian Rate

WASHINGTON, July 31. (AP)—The Shipping Board today approved a through bill of lading arrangement covering shipments from Atlantic Coast ports to Australia, with transshipment at San Francisco or Los Angeles over the trans-Atlantic, the American-Hawaiian, Dollar, Lockport, Panama-Pacific and Williams steamship lines.

The through rates, based on current competitive direct line rates, are to be divided equally between the carriers, as well as the transshipment costs.

## PLANS IN ABEYANCE

This will give Hoover time to study and revise his acceptance speech, which is to be delivered at the dedication ceremony at Stanford University.

This five-day outing is the only one which the nominee has in mind on this visit to his old home. He probably will leave Palo Alto on August 10 on his return trip to Washington via Los Angeles, Albuquerque, Kansas City, Cedar Rapids and his birthplace at Des Moines, Iowa.

While the plan of campaign after his return to Washington has not been decided on, it is regarded as certain he will make some speeches in the East and will visit several border States, including Oklahoma, Missouri, Kentucky and Tennessee.

## RADIO LOSES TRYING PAN

## Damper Put on Air Crackle

Static Reducer Perfected by  
ex-Naval Man Following  
Years of Work

Device Called Clariphone  
Hailed by Officials  
at Washington

WASHINGTON, July 31. (Exclusive)—Radio officials of the United States Navy and the Shipping Board profess to be much impressed with the performance of a static reducing device known as the clariphone, the invention of William J. Scott, retired chief electrician's mate, U.S.N.

They testify that experiments with the clariphone on long-wave circuits have shown that it suppresses the frying and the crackling that is the bane of all radio. Built on electroacoustical principles, it clarifies radio signals that otherwise could not be heard on account of a preponderance of static strength in the mysterious ether.

The only existing model of the invention was installed early last May in the radio central of the Navy Department at Washington. Radiomen there have attached it to the San Francisco, Balboa and other low-frequency circuits employed by naval communications, which is the nerve center of the overseas fleet radio system of the Navy. Almost invariably they have reported success in its operation, though recently they have had to use it only infrequently, due to an unusual absence of static disturbance.

**NO EXCUSES**  
Hahn, running his own race, had no excuses for willing so badly. The two remaining Americans, Earl Funder and Ray Watson, were eighth and ninth, respectively, bringing up the rear.

Lowe not only dealt another blow to the apparently groggy American runners but his time, 1m. 51.4-52, best by 1-16, the former Olympic record set by Ted Meredith in 1912. The Englishman also shattered precedent by winning the Olympic 800 for the second straight time.

In a day-and-a-half struggle in the shattering of three world records and two Olympic standards, Yankee fortunes again ebbed and flowed from behind in the last 100 meters to beat his nearest rival, Erik Ryholm of Sweden, by ten yards, while Hahn after leading almost from the start staggered home fifth, badly whipped.

**SPURRED BY ENCOURAGEMENT**  
Spurred on by the encouragement given him in the office of naval communications, the clariphone inventor has begun to build a clariphone with a range that will embrace all the tones and frequencies of broadcasting. He believes that he has found and demonstrated the basic principle that will lead to the entire elimination of static from broadcast, as well as of static reception.

As described in an official naval communications radio office, the clariphone operates as a sound filter. In a soundproof box are a loudspeaker unit, several sections of small brass tubing and a microphone. The tubes are so arranged and so connected that they will filter out all sound of sound waves or tones of a particular frequency.

The signal beat note of that frequency operates the loud-speaker unit of the clariphone. This unit is in a small iron chamber which converts the electrical energy into sound waves. These waves are conducted through a system of air chambers and tubes, sections of which help filter out the interfering notes. The signal finally is picked up by a microphone which converts the sound waves back into electrical energy. The signal heard in a pair of ordinary head phones is free of static, which has been cleared out, or at least reduced, in the filtering process.

**HAS HARD TASK AHEAD**  
The installation is adjusted to pass at most about 200 words per minute. That is the tone of the code signal. Now when it comes to music and speech, the tone range must be much wider. Every frequency of the pipe organ and piano will have to be filtered. Therein lies Scott's next problem, but he believes he has solved it and will one day be able to make available a clariphone which will clear any receiving set of static interference.

Even now, though it has never been tried out on short waves and the medium waves used for broadcasting, the inventor maintains that the clariphone can be adjusted to any frequency. He also thinks that it will be invaluable as an eliminator of scratching and other extraneous noises from phonograph records, the talking picture and noisy apparatus like motor generators.

Mr. Scott is almost 70 years of age. He has been working on this problem for about 20 years.

## HOOPER SNEAKS UP ON FISH

Nominee Catches Nearly Dozen Trout After Trip by  
Motor and Horseback Into Wilds

BROWN'S CAMP, NEAR HORN BROOK (Cal.) July 31. (AP)—Herbert Hoover demonstrated his skill as an angler today by catching nearly a dozen rainbow trout in Beaver Creek, about thirty miles from this place, accompanied by Dr. Ray Lyman Wilbur, president of Stanford University, and another friend, the Republican Presidential nominee left his cottage here shortly after dawn and motored nearly ten miles to a point where the highway ended. The party cast in the creek there until dusk, where horses could be obtained from a near-by ranch.

The mountain trail then led through trees and underbrush for fifteen miles to what proved to be good fishing grounds. Some of the trout were so small they were thrown back into the stream, but the fishermen brought home a sizeable string to show for their efforts.

**MORE FISHING TODAY**  
After lunch Hoover rested until time for his party to break camp and leave by motor for Shasta Springs, seventy miles away across the Sierrita range, and to the foot of Mt. Shasta, the snow-capped peak which rises 14,126 feet.

After spending the night at the hotel at Shasta Springs the nominee will try his luck for the fourth time on this trip, fishing in tributaries of the McCloud or Pit rivers, the location to depend on reports as to where fish are most plentiful.

Tomorrow evening Hoover and his companions will motor to Dunsen, where they board a train for the return trip to San Francisco.

**PLANS IN ABEYANCE**  
This will give Hoover time to study and revise his acceptance speech, which is to be delivered at the dedication ceremony at Stanford University.

This five-day outing is the only one which the nominee has in mind on this visit to his old home. He probably will leave Palo Alto on August 10 on his return trip to Washington via Los Angeles, Albuquerque, Kansas City, Cedar Rapids and his birthplace at Des Moines, Iowa.

While the plan of campaign after his return to Washington has not been decided on, it is regarded as certain he will make some speeches in the East and will visit several border States, including Oklahoma, Missouri, Kentucky and Tennessee.

## THE DAY'S NEWS SUMMED UP

BUSINESS MEN  
IN HOOVER LINENew York Boosters' Roster  
Commercial Who's WhoRails, Banks, Steamships and  
Industry RepresentedLoeb Holds Empire State  
Safe for Republicans

WASHINGTON, July 31. (Exclusive)—Republican Business Men, Inc., of New York, being formed to promote the candidacy of Herbert Hoover among the business interests of the country, started off today with a distinguished list of charter members.

Announcement was made at Republican national headquarters that among those already signed up for membership are L. F. Lore, outstanding figure in the railroad world; Henry Rogers Winthrop, W. W. Atterbury, president of the Pennsylvania Railroad; Samuel Vauldin, president of Baldwin Locomotive Works; George Whitney of J. P. Morgan & Co.; Kenneth Roosevelt, Morgan of the late President; William H. Hamilton of the Guaranty Trust Company of New York; Gen. J. G. Harbord, president of the Radio Corporation of America; William W. Hoffman of the National City Bank of New York; Frank C. Munson, president of the Munson Steamship Lines; Edmund E. Wise and J. Horace Harding, prominent New York financiers and business executives.

ANSWER TO SMITH  
The organization of Republican Business Men, Inc., is another answer to the drive by the managers of Gov. Smith's campaign to swing the business interests of the country into line behind the Democratic ticket. It will be restricted to men of outstanding reputation and genius in the world of big business and its mission will be to convince the country by precept, example and argument that the Democratic party is not to be trusted in its pretensions of friendliness to business.

The organization promises to carry considerable weight throughout the entire country, but particularly in New York State, which is one of the main battlegrounds of the campaign. Incidentally another encouraging report respecting Republican prospects in the Empire State was brought to national headquarters today by William Loeb, who was secretary to President Roosevelt when the latter occupied the White House. Loeb predicted Hoover and Curtis would carry New York, for "Gov. Smith will find it is different running for President."

The Presidential vote polled this

## Candidate Qualifies as Angler

(P. &amp; A. photo)

Herbert Hoover  
The Republican nominee donned his fishing togs yesterday to wade the headwaters of the Klamath River, near Brown's Camp, in quest of elusive trout. The cameraman got this shot of the Presidential candidate the previous day on the Rogue River in Oregon.

year in New York State should be the largest in history, bringing out many voters who have not been to the polls in some time," Loeb said. "We are counting on the additional interest in the election which has been aroused by Secretary Hoover's candidacy to help carry New York for us."

AL'S HANDICAP  
He related that the 1924 Presidential vote in New York represented but slightly more than 60 per cent of the eligible, while the 1926 vote for State and Congressional offices fell considerably below that figure. President Coolidge carried the State by 60,000 in 1924, and a heavier vote than that of four years ago will only tend to increase the handicap which Gov. Smith must overcome to carry the State, Loeb declared.

Mr. Loeb is now vice-president of the American Smelting and Refining Company. He was private secretary to President Roosevelt from the beginning of his term as Governor of New York State until he left the White House, and collector of the Port of New York from 1909 to 1913.

"EVERYBODY IS FOR HOOVER"—MRS. FOLTZ

Mrs. Clara Shortridge Foltz, attorney and sister of Senator Shortridge, returned yesterday from a visit to her brother, who is spending the summer at his home in Menlo Park.

"Everybody I have talked to here, there and in between is enthusiastically for Hoover," said Mrs. Foltz. "I think California will give Hoover the largest vote it has ever returned for a Republican candidate."

IOWAN SEES HOOVER SENTIMENT GROWING

CHICAGO, July 31. (P)—W. R. Boyd, Iowa Republican leader, conferred today with James W. Good, western campaign manager for Herbert Hoover, and reported a growing sentiment for Hoover's candidacy throughout his State. Mr. Boyd, who lives at Cedar Rapids, where Hoover will confer the 22nd and 23rd inst with farm leaders, said he had noticed a growing sentiment for the Republican nominee throughout Iowa.

R. G. Thoren of Stillwater, Minn. was another visitor at Good's headquarters today. Mr. Thoren will direct the Republican campaign in Minnesota.

INVENTOR FINDS  
STATIC REDUCER

(Continued from First Page)

age. He has worked on this idea for twenty-one years. A native of New Orleans, he was sent abroad as a youth to study musical-instrument making in Berlin and Paris. He was an accomplished player of the slide trombone, the double bass and the Roman harp, but his father recognized he was more inclined to studying the acoustical properties of these instruments and to building them. He also had a natural bent for electricity.

PROTEGE OF SCANLIN

In 1900, Scott joined the Navy at New Orleans. He served in China and the Philippines, part of the time rated as a chief electrician. An illness led him to take radio lessons at the Brooklyn navy yard in 1904. One of his instructors was Jack W. Scanlin, now a retired chief radioman, and still attached to naval communications for the Civil Service Commission. Scanlin was instrumental in getting Scott the assignment as radioman in charge of the station on the Island of Culebra on the Virgin passage in the West Indies.

The isolation of that assignment gave Scott time to work on some of his instrument-building ideas. Experience with the heavy tropical static that prevails in the West Indies led him to conceive of joining sonic principles with electrical to attempt to eliminate the troublesome noise. He has been at his research on the subject ever since.

COOLIDGE AID  
TO BE PASSIVEWill Conduct Affairs to  
Continue EfficiencyPresident May Not Launch  
Any New PoliciesTime Too Short for Tariff to  
Help Farmers

SUPERIOR (Wla.) July 31. (P)—President Coolidge's chief part in Secretary Hoover's campaign for the Presidency will be to continue so to conduct public affairs as to appeal to the electorate and move them to return the Republican party to power in November.

Apart from this Mr. Coolidge has agreed to undertake no special activities in the campaign.

His contributions to Mr. Hoover's campaign, the Chief Executive feels, antedate the Commerce Secretary's nomination as Republican standard bearer, inasmuch as President of the United States on August 2, 1923, Mr. Coolidge has always striven to give the country a government which worked to the voters' satisfaction and benefit.

Mr. Coolidge will continue pursuing such a policy for the rest of his term of office, inasmuch as Mr. Coolidge was assured by Chairman Mark of the National Republican Committee that continuation of the present administration's policies will be made the chief issue in the campaign by Secretary Hoover.

NO NEW POLICIES

It is thought here that Mr. Coolidge, in addition to such passive aid in the campaign, will be ready to help more actively from time to time as occasion may suggest, to the extent of his shortness of the next session of Congress. Mr. Coolidge sees little opportunity to inaugurate any new policy at this late hour in the life of his administration. For this reason he believes it will be impossible for Congress, on the eve of the Presidential election, to revise the Tariff Act so as to increase protection on agricultural products, the intelligence of which Mr. Coolidge will not oppose on principle a move to raise such schedules.

The only way in which such a tariff revision could be accomplished in a short session, Mr. Coolidge feels, is by the adoption of both parties to agree beforehand on the amendments to be introduced.

Such an agreement in a campaign year is impossible, according to the Chief Executive, and while possible after elections, is still unlikely.

REPORTS ON ISLANDS

In the course of a call from Vice-Governor E. A. Gilmore of the Philippine Islands, President Coolidge received an encouraging report as to the economic and social advancement of the natives and heard promises of likely future harmony between the American government and the Philippine Legislature.

Mr. Gilmore told Mr. Coolidge of success in obtaining from agricultural colleges in this country specialists ready to go to the islands and teach in vocational schools improved agricultural methods to the natives. The Vice-Governor said he hoped great results will be derived from this.

Mr. Coolidge also heard that his veto on a Philippine demand for a plebiscite on independence had done great good in impressing the natives with the drawbacks to such action and in moving many of them to work for Yuma and economic improvement of their country.

STAYS AS GUEST

President Coolidge invited Mr. Gilmore to be an overnight guest at Cedar Rapids, Iowa, and another caller on Mr. Coolidge today, assured him the State would go Republican in the November election. Secretary Hoover, he said, will not only carry Missouri, but will assure the election of a Republican Senator to succeed the late Senator James M. Reed, helping to install a Republican State ticket.

Espee Finishes Wreck Inquiry

CORTENAY (Cal.) July 31. (P)—Southern Pacific officials tonight concluded their inquiry to fix the responsibility for the collision of the southbound Cascade Limited train with the American Bar Association special here Sunday. A formal statement will be issued tomorrow.

Forty-seven passengers and train crew members were hurt in the collision, the Cascade Limited crashing into the rear end of the special, which had stopped here for minor repairs to the engine. The railroad inquiry was a star-chamber affair, with press representatives barred.

Witnesses who testified before the board, however, said the members had shown much interest in whether the Cascade Limited was to have gone back far enough to signal the flagman for the special train. The railroad inquiry was a star-chamber affair, with press representatives barred.

IRENE BORDONI ILL

PARIS, July 31. (Exclusive)—Irene Bordoni, musical comedy actress who is stopping at the Waldorf Apartments, is seriously ill after an appendicitis operation Thursday. Her husband, Ray Oetex, has hastened to Paris from London to join her.

It is not expected that any additional information will be received this evening. If the flyers are not found tomorrow, searching planes will be sent out from the field here, it is said.

HOOPER ACCEPTANCE SPEECH WILL REACH RECORD AUDIENCE

STANFORD UNIVERSITY, July 31. (P)—More than 90,000 persons may hear Herbert Hoover here August 11 when he is formally notified of his nomination as Republican Presidential candidate, and 30,000-500 others listen in on the radio network that is being prepared to broadcast the ceremony.

The committee in charge of the stadium program made arrangements for seating 90,000 in the Stanford stadium, the university's athletic amphitheater, and 30,000 in the Stanford gymnasium. A special radio hook-up will broadcast the speeches throughout the United States and Canada and even Europe.

When Hoover appears under the open sky in the Stanford bowl, his visible audience will be the largest in the history of the world. In the opinion of Republican leaders preparing for his reception, very few seats will be reserved, and these only for State and local Republican leaders. Early arrivals will be shown to the best seats, but a series of amplifiers and loud speakers will carry the speakers' voices to all parts of the stadium.

WHITE AMENDS  
SMITH CHARGESKansas Holds Morality Laws  
Negatives ExplainableRetracts Deduction Although  
Reaffirming FactsQuerying Candidate's Motive  
Not Politician, He Says

NEW YORK, July 31. (P)—William Allen White, Kansas editor, today withdrew charges against Gov. Smith's legislative record so far as bills governing gambling and prostitution were concerned because, he said, he had not wished to question the motive of the Democratic Presidential nominee.

While allowing his contention that Gov. Smith had consistently voted for the saloon to stand, Mr. White said of his other charges, "I could not in good conscience repeat them, realizing that Gov. Smith, whom I greatly admire for his many high qualities, feels that my charges question the purity of his motives, which always should be granted in any political controversy."

FINDS EXCUSES

Mr. White said in his statement: "Yesterday, talking to Walter Lippmann of the New York Times, I learned that Gov. Smith was deeply aggrieved that I should charge him with protecting gambling and prostitution in his Assembly record. I can understand, after considering what Mr. Lippmann said, that the Governor in casting those votes against those reforms, he honestly believed that the bills were unconstitutional or were not enforceable, or that they would be a hindrance to the state's economy."

"But Gov. Smith certainly is entitled to fair treatment. I always have tried to fight fair. I have never consciously questioned any man's motives and so before I know what, if any, reply Gov. Smith has made to my statement of yesterday, I desire to withdraw the charges formally, in so far as they affect his vote on gambling and prostitution but not his position as to the saloon."

TAMMANY THE ISSUE

"The question of the menace of Tammany and of Gov. Smith's Tammany record for the open saloon, the whole issue of this campaign is coming to a head."

"Organized, protected prostitution is quickly passing out of American life and it is not vital, in vital or not, I could not in good conscience press this issue, realizing that Gov. Smith, whom I greatly admire for his many high qualities, feels that my charges question the purity of his motives, which always should be granted in any political controversy."

"So the ten or a dozen votes on gambling and prostitution come out of the records."

Tucson Receives Heaviest Rain of Present Season

TUCSON (Ariz.) July 31. (P)—The heaviest and longest rainfall of the present season visited Tucson late yesterday afternoon and last night, being general over the larger part of the State. A total of 31 of an inch fell in the central part of this city, but the fall was heavier in other sections.

Rain is reported to have fallen along the border from El Paso nearly to Yuma and as far north as Prescott. It rained in Douglas this morning.

Rain damaged telephone lines here last night, approximately fifty lines being put out of order, including several transcontinental circuits. Crews worked on these all night and had them repaired this morning.

San Diego Army Flyers Overdue

SAN DIEGO, July 31. (P)—Although they are many hours overdue here, Rockwell Field headquarters tonight denied any serious anxiety for Col. Graham and Lieut. O'Connor, who left Tucson at 10 a.m. today in an Army plane for San Diego.

While army flying headquarters asserted that the President had started inquiry along the west-bound aviators probably have flown to Roswell Field and Los Angeles or March Field near Riverside. Col. Graham's family is reported at Roswell Field.

It is not expected that any additional information will be received this evening. If the flyers are not found tomorrow, searching planes will be sent out from the field here, it is said.

## PRELATE SOUNDS WARNING

Bishop Ainsworth Says Smith Election Would be  
Construed as Demand for Dry Repeal

ATLANTA (Ga.) July 31. (P)—Bishop W. H. Ainsworth of the Methodist Episcopal Church, South, in a formal statement against the Presidential candidacy of Alfred E. Smith declared today that no one "should be beguiled by the sophistry that the President cannot change the Eighteenth Amendment."

"The coming election will be largely a referendum on national prohibition," said the bishop in his statement, which was issued on the eve of his departure for China and Japan, where he goes to his mission field.

"The wets of all parties will support him (Smith). The pity is that some dregs and a few good men in the 'Bible belt' (the South) will join the notorious Maecenas, large numbers of purchasable negroes and foreigners in the cities of the North and all the loose elements of American citizenship to elect him in the Presidential chair."

"The coming election will be largely a referendum on national prohibition," said the bishop in his statement, which was issued on the eve of his departure for China and Japan, where he goes to his mission field.

"The wets of all parties will support him (Smith). NEW ESTIMATES  
POSTAL DEFICITShortage for Next Fiscal Year  
Set at \$100,000,000Increase Granted Railroads  
Cause of Larger DebtWill be Forced to Raise  
Parcel-Post Rates

WASHINGTON, July 31. (P)—Postmaster-General Nathan C. Tamm today said that his department would have a deficit of \$100,000,000 for the fiscal year 1929 partly as a result of the decision by the Interstate Commerce Commission yesterday granting increased pay to railroads carrying the mails.

The Postmaster-General stated that he did not know how the amount could be made up, but pointed out that he would be forced under the law to raise the rates on parcel post to insure the receipt of revenue from such service adequate to pay the cost thereof.

Under the Interim Act, Commerce Commission decision, trunk-line railroads were held to be entitled to increases of 15 per cent over present rates for carrying the mail effective August 1. The total increase was estimated at approximately \$15,000,000 a year. In addition, the roads were granted a lump sum of approximately \$45,000,000 for what the commission held to be underpayment since July, 1925.

OIL WORKER KILLED IN WYOMING BLAST

CASPER (Wyo.) July 31. (P)—One man was killed and another seriously injured in an explosion of a mid-western Refining Company well this afternoon in the Salt Creek oil field. Two rigs were destroyed. Arthur Fiddell, 35 years of age, was killed and Clarence Jones seriously injured in attempting to save Fiddell's life.

MASON GAME BATTLE  
PHOENIX (Ariz.) July 31. (AP)—  
Frankie Mason, Phoenix welter-  
weight, won a reputation for cour-  
age here tonight when he stood up  
for ten rounds with Billy Rogers  
Chicago middleweight, and at the  
end was still grinning through a  
smear of blood. Frankie took only  
two rounds of the ten, but was on  
his feet under a murderous punch-  
ing almost all the way.

PETROLEE TOO OILY  
CHICAGO, July 31. (AP)—Jack  
Hurley, manager of Billy Petrolle,  
the Fargo (N. D.) lightweight, today  
was suspended, and his license re-  
voked by the Illinois State Ath-  
letic Commission for using oil-  
ment on the body and face of Pe-  
trole in his fight here last week  
with Jack Berg of England.

BOXERS FIGHT DRAW  
CHICAGO, July 31. (AP)—Johnny  
Sherrard of Fort Worth, Tex., and  
Billy Showers of St. Paul, fought  
eight rounds to a draw.

## WEDNESDAY MORNING

### RELATIVES LOSE HOPKINS FIGHT

Suit by 547 Descendants of  
Pioneer Dismissed

North Carolina Kin Charged  
Assets Concealed

Federal Court Upholds  
Estate Handling

SAN FRANCISCO, July 31. (AP)—  
The United States District Court  
here today dismissed the suit of 547  
descendants of North Carolina rela-  
tives of Mark Hopkins, California  
pioneer, for a share in his vast es-  
tate.

The suit charged that securities  
valued at more than \$1,000,000 had  
been concealed by Moses Hopkins,  
brother of Mark, and administrator  
of the property, when the estate was  
distributed in 1923. Further charge  
was made that Timothy Nolan Hop-  
kins, adopted son of Moses Hop-  
kins, had continued the conceal-  
ment. Suits were started by rela-  
tives after the death of Moses  
Hopkins.

Mark Hopkins died intestate, and  
his widow and two brothers, Moses  
and Samuel, inherited the property.  
The will of Mrs. Emily Hopkins,  
widow of Moses, was filed in New  
York July 7, last, distributing an  
estate of \$3,474,881 to forty-five  
heirs. Court attachs indicated that  
distribution of her estate will be  
held up pending settlement of suits  
over the Mark Hopkins property.

In dismissing the Mark Hopkins  
suits, the court ruled that the estate  
has been duly administered, and  
that complainants failed to show  
they were barred from advancing  
their claims at the time of adminis-  
tration.

### Lindbergh Will Fly Eastward as Passenger

EAST VAUGHN (N. M.) July 31. (AP)—  
Tracy Lambert, flying from  
San Diego to the Atlantic Coast,  
landed here this afternoon and Col.  
Lindbergh, who was stranded here  
with a disabled airplane, will pro-  
ceed with him tomorrow to Kansas  
City.

Lambert stopped in Albuquerque,  
where he learned Col. Lindbergh  
would have to remain here until  
needed parts reached him from  
California. Landing here, he tried  
to induce Lindbergh to take his air-  
plane and fly on to Kansas City.  
It finally was agreed that they  
would lighten the load by Lambert  
and his mechanic leaving behind  
their parachutes, and the three plan  
to hop off at 8:30 a.m. tomorrow.

### Truck Concerns Lose in Battle on Special Tax

SAN FRANCISCO, July 31. (AP)—  
Fourteen California trucking com-  
panies today lost a fight to prevent  
State Controller Riley from seiz-  
ing 150 trucks for failure to pay  
special taxes. Three Federal judges  
sitting en banc dismissed the truck  
companies' application for an in-  
junction.

A decision handed down by Cir-  
cuit Judge Hunt and District Judge  
Kerrigan and St. Sure granted the  
motion of Deputy State Attorney  
Overman to dismiss the complaint.  
The tax was levied on the ground  
it discriminated in favor of "pi-  
rate" truck operators in violation  
of the State constitution.

### HENCHMAN OF CHICAGO BOSS SLAIN

Murder Believed to Have  
Followed Threat to Expose  
Ward Terror Tactics

CHICAGO, July 31. (Exclusive)—  
Police and agents of the special  
grand jury that for three months  
has been conducting an investiga-  
tion into election day terrorism to-  
night were delving into the murder  
of Benny Zion, gangster and hench-  
man of Morris Eller, boss of the  
bloody Twentieth ward. Zion was  
shot and killed today in the saloon  
of Cyndi Maher, 2410 West Rose-  
velt Road. His body was found  
300 feet away in an alley beneath  
some rubbish. Four men, two bar-  
tenders and two customers were  
being held tonight and Maher was  
being sought.

Zion had been indicted as a ter-  
rorist and suspected of participa-  
tion in the murder of Attorney  
Oscar Grant, negro, who was  
Morris Eller's opponent in the race  
of Republican ward commit-  
men.

Agents of the special grand jury  
said bluntly that Zion was slain  
because the killers feared he would  
tell the whole story of the kid-  
naping, slayings and murder in  
the Twentieth ward, April 10, last,  
in order to save himself. At the  
time Zion was arrested and lodged  
in the County Jail under bonds of  
\$220,000 he sent out word that un-  
less his freedom was granted him  
in a hurry he would "equal and  
exceed" the killing.

### Fifty-five Hurt in India Student Strike Rioting

BANGALORE (Ind.) July 31. (AP)—  
Fifty-five Hindus were taken to a  
hospital today, ten in a serious con-  
dition, as a result of riots in con-  
nection with a student strike. The  
youths were dissatisfied with the  
site which authorities assigned for  
an image of the god whom they  
worship.

At one stage the disorders be-  
came so general that a regiment  
of lancers was summoned from  
Mysore. The students yesterday in-  
duced 3000 boys to quit studies at  
all educational institutions in the  
city. The entire student body pro-  
ceeded to government offices and  
started to throw stones. Police dis-  
persed them.

Later they marched to the home  
of a leading Mohammedan. Their  
demonstrations drew others until  
thousands jammed into the streets.  
Some shots were fired at the crowd  
and it is asserted these came from  
Mohammedan residents.

The lancers were summoned and  
arrested four Mohammedans. All  
Hindu shops are closed.

### ARIZONA DEMOCRATS ORGANIZING FORCES

PHOENIX, July 31. (AP)—Joseph  
C. Waldman of Phoenix has been  
appointed finance director of the  
Democratic party in Arizona for the  
Presidential campaign and Arthur  
Curlee of Phoenix, secretary and  
general manager of the South and  
Robinson Democratic Club of Ari-  
zona. It was announced today by  
Clarence Gunter and Mrs. John C.  
Greenway, national committeeman  
and woman of Arizona.

### GANG-DEATH TRAIL LEADS TO CAPONE

New York Police Discover  
Guns Used in Yale Killing  
Owned by Vice King

NEW YORK, July 31. (AP)—Police  
announced today that they have  
positive information that the wea-  
pons with which Frankie Yale,  
Brooklyn gangster, was shot to  
death in a quiet Brooklyn street,  
came from the arsenal of Scarface  
Al Capone, Chicago racketeer.

The history of the weapons, a  
machine gun, a shotgun and a mag-  
azine pistol, was revealed. It is  
said, during a conference today be-  
tween Dist. Atty. Dodd of Brooklyn,  
Police Inspectors Sullivan and  
Coughlin, Parker A. Henderson, Jr.,  
son of a former Mayor of Miami,  
Fla., and Police Chief Reeve of  
Miami.

Yale, or Yale, was shot the 1st  
last, as he sat at the wheel of his  
automobile near his Brooklyn home  
by gangsters. The weapons used were  
found later in an abandoned auto-  
mobile bearing a Tennessee license.  
Yale is said by police to have been  
associated with Capone but to have  
broken with him before the killing.  
Henderson and Chief Reeve ar-  
rived in New York last night and  
considerable mystery was thrown  
about them.

Police say they learned today that  
the guns had been purchased in  
Chicago and shipped to Capone in  
Miami. They say they also learned  
that at least four Chicago gunmen  
had been in conference with Ca-  
pone in his Miami home shortly  
after the shipment of the weapons.

### Twelve Killed in Train Wreck

AUGSBURG (Germany) July 31. (AP)—  
Twelve persons were reported  
killed and thirty-five injured near  
Dinkelscherben, Bavaria, today  
when a passenger train crashed into  
a freight train.

Reports here said the "accident"  
was caused by a defective switch  
and that the passenger train  
crashed head-on into the freight,  
telescoping the locomotive and three  
cars.

### CURIOSITY ALMOST KILLS YOUNGSTER, TOO

MENASHA (Wis.) July 31. (Ex-  
clusive)—Playmates of Frederick  
Bellinger, 6 years of age, poured ker-  
osene on his head and touched a  
match to his hair to see what would  
happen. Frederick lost all his hair  
and suffered serious burns. The at-  
tending physician says he will re-  
cover.

### MAN WHO LOST SON FIGHTS FOR DAUGHTER

SEATTLE, July 31. (AP)—Three  
months ago A. P. Scott lost a  
California court fight to regain cus-  
tody of his son. Yesterday he be-  
gan action to obtain custody of his  
daughter in Superior Court here.  
Directed to his estranged wife, Mrs.  
Alfred Scott, the application asks  
that she be ordered to return the  
child to him; that he be given  
custody of the daughter and that  
the wife and her parents be re-  
strained from taking the girl out  
of the State. The case will be  
heard Friday.

### SENATOR SMOOT'S WIFE GRAVELY ILL

WASHINGTON, July 31. (AP)—The  
condition of Mrs. Alpha M. Smoot,  
wife of Senator Smoot of Utah,  
who suffered a paralytic stroke two  
days ago, is slightly improved to-  
day. Senator Smoot said she had  
spent a more restful night and  
that she expressed confidence that  
she would recover. Her condition,  
he said, still is grave.

### Brennan Given Fighting Chance

CHICAGO, July 31. (AP)—The con-  
dition of George E. Brennan, Dem-  
ocratic National Committeeman for  
Illinois, although described as "still  
very serious," is reported improved  
today. The bulletin issued this af-  
ternoon said Mr. Brennan is "resting  
easily."

Dr. C. R. O. Forrester, one of the  
staff of attending physicians, said  
his patient has a "fighting chance  
to pull through."

Yesterday the veteran Democrat-  
ic leader underwent an operation  
for septic poisoning resulting from  
an infected tooth. The last rites of  
the church were administered and  
members of his family were called  
to the bedside. Today his condition  
began to improve and the hope is  
entertained that he will recover.

BRENNAN FLYER STRUCKEN  
BERLIN, July 31. (AP)—Bern  
Ehrenfried von Hunsfeld, owner  
and passenger of the trans-Atlantic  
plane Bremen, was operated on for  
appendicitis today. His condition is  
satisfactory.

# New! Columbia-Kolster

Electric Viva-Tonal Phonograph and Radio Combination

Like Life Itself

HUNDREDS have awaited this instrument!  
And now it is here! A new instrument—  
product of Columbia and Kolster—a new kind of  
instrument bringing you music as you have always  
wanted it—an unlimited supply of music just as  
you wish it, when you wish it.

Put on one of the new recordings—Paul Whiteman,  
Ted Lewis—if your choice be today's popular music  
—your favorite singer—the marvelous recordings of  
a complete symphony if your taste be for orchestral  
beauty. You will thrill to the full, rich, vibrant tone  
of a new and exciting realism—like life itself!

Bring in your favorite radio station. Listen to its  
program with this great Columbia-Kolster. What a  
delightful new world of music will open to you.  
What a wonderful depth, fullness, roundness you  
will hear—like life itself!

For into the exacting perfection of this marvelous  
instrument have gone all the resources, all the labo-  
ratory experience, the years of practical and theoret-  
ical knowledge of those two great organizations—  
Columbia and Kolster. Combined, these two great  
names bring you this new, this different, this glori-  
ous instrument.

A Price as Startlingly Low as the  
Instrument Is Marvelous—\$600—  
Platt's Usual Low Payment Terms, Too!

We have been using  
**THE NEW ZEROLENE EXCLUSIVELY**  
says Rolls-Royce maintenance manager  
*We are pleased to recommend  
Zerolene to all Rolls-Royce customers*

OF GENUINE INTEREST to every motor car owner is  
the authoritative tribute paid The New Zerolene by  
Rolls-Royce—a standard bearer and spokesman for  
all that is enduring in the automotive world. John J.  
Sheridan, Maintenance Manager, writes:

"We wish to advise you that The New Zerolene  
No. 7 has been tested by us and found to give excel-  
lent results in the Rolls-Royce car.

"A sample of Zerolene No. 7 was sent to our fac-  
tory for this test. After the factory had completed  
their test which included both a road and laboratory  
test, your Zerolene No. 7 was placed on the list of  
approved oils for Rolls-Royce cars—only the high-  
est grades of oils are on this list.

"We have been using Zerolene No. 7 exclusively  
for the past six months and the results have proven  
your oil to be of very high quality and we are pleased  
to recommend Zerolene to all Rolls-Royce owners.  
In this recommendation we advise owners to use  
Zerolene No. 7 in warm weather and Zerolene No. 5  
where colder conditions are encountered."

Money cannot buy a better oil than The New  
Zerolene—the modern oil for every motor car.

STANDARD OIL COMPANY OF CALIFORNIA

**ROLLS-ROYCE**  
DOWNSIDE COACHWORKS  
401 N. Main St., Los Angeles, Calif.  
April 25, 1928

Mr. J. J. Sheridan,  
District Sales Manager,  
Standard Oil Company of California,  
Los Angeles, Calif.

Attention Mr. J. J. Sheridan

Dear Sir:

We wish to advise you that the new  
Zerolene 77 has been tested by us and found  
to give excellent results in the Rolls-Royce car.

A sample of Zerolene 77 was sent to our  
factory for this test. After the factory had  
completed their test which included both a  
road and laboratory test, your Zerolene 77 was placed  
on the list of approved oils for Rolls-Royce cars—  
only the highest grades of oil are on this list.

We have been using Zerolene 77 exclusiv-  
ly for the past six months and the results have  
proven your oil to be of very high quality and we  
are pleased to recommend Zerolene to all Rolls-  
Royce owners. In this recommendation we advise  
owners to use Zerolene 77 in warm weather and  
Zerolene 75 where colder conditions are encountered.

Yours very truly,  
John J. Sheridan  
Maintenance Manager

*Are you getting the benefit of this superb motor oil?*

## BUREAU BUSY ON NEW BILLS

Engraving Machines Changed for Smaller Money

Legal Tender to Be Harder to Counterfeit

Change in Size Will Effect Large Economies

WASHINGTON, July 31. (AP)—The Federal Reserve bank is busy getting ready to change the size of its paper money. The Bureau of Engraving and Printing is busy making new dies and plates, building new numbering and sealing presses, and producing enough new money to redeem approximately \$85,000,000 notes now in circulation.

The major difference between the present bills and the new ones will be in size. The present bank bill is approximately seven and seven-eighths inches by three and one-eighth. The new size will be about six and five-eighths by two and six-eighths inches, approximately the same dimensions as currency of the Philippine Islands which is considered superior to the present bills of this country and to those of European countries, where the size varies with the denomination.

**DISTINCTIVE MARKINGS**  
Another difference between the old notes and the new is the distinctive markings adopted for the new currency. Each of the eleven denominations will have its particular engravings. No longer will two denominations bear the same portrait as is now the case with images of George Washington are found on both one-dollar and twenty-dollar bills, nor will unknown portraits be used.

On the face of all classes of the new one-dollar bill will be Washington's picture, while the back will be ornate with the word "ONE" engraved in large letters. Bills from \$5 to \$100 will have portraits on one side and corresponding buildings on the reverse side. The engraving will be ornate in design for the backs of the bills of greater value. Difficulties will be placed in the way of counterfeiters and bill raisers when the new currency is used. The possibility of notes being raised is lessened by engraving standard portraits on each denomination regardless of class, and by having standard designs for the reverse sides of each denomination. About 75 per cent of the paper is linen, part of which is imported from France.

**FAKING MORE DIFFICULT**  
Distributing silk fibers throughout the surface of the new bills will furnish distinctive markings more difficult to counterfeit than the present paper, which has no colored silk fibers in two rows only. Another value of the fibers is that these small particles throughout the bill will provide additional strength. A saving of approximately 25 per cent in space, weight and materials will result from diminishing the size of the currency.

Only black and green inks will be used in engraving the new currency, black to be used on one side and green on the other. Linen and cotton are used in the paper of which this money is made. About 75 per cent of the paper is linen, part of which is imported from France.

**ECONOMY EXPECTED**  
The reduced size will be less cumbersome for the individual to carry and therefore will be more durable than the old bills, which have more folding and greater wear to endure than the new ones will have. Perhaps the new bills will average more than the eight months which is the average lifetime of the present bill.

Work preliminary to making the new paper money has been in progress nearly two years. Franklin MacVeagh was Secretary of the Treasury in 1910 when changing the size of the notes was first considered. In 1912 when William G. McAdoo was Secretary, serious consideration of the situation was given, but the World War intervened. In 1925 Andrew W. Mellon, Secretary of the Treasury, expressed his approval of the change. For the first time in history the signature of the Secretary will appear on the new notes.

## TULARIANS INDORSE LOS ANGELES STAND

TULARE, July 31.—Going on record as regretting action taken by a local dairyman against an inspector of the Los Angeles Health Department in dispute over sanitary conditions in a local dairy, the industrial committee of the local Chamber of Commerce reasonably in support of the move of the health department of the southern city to improve market-milk conditions in this section.

Action was taken by the local civic organization following receipt of a letter from William Velt, city veterinarian of Los Angeles, setting forth in no uncertain terms the fact that the metropolitan center was depending upon the local community for co-operation in enforcing sanitary regulations.

A strained situation arose when a local dairyman brought suit against a Los Angeles inspector after milk had been rejected, charging that the inspector "spat upon the floors of the milkhouse."

**HOTEL MEN SUE BANK**  
BAKERSFIELD, July 31.—C. A. Johnson and R. Newberry have filed suit against the Bank of Italy, National Trust and Savings Association and others, asking judgment for \$20,000. The plaintiffs assert in their complaint that on the 9th inst. they were the owners of all furniture and fixtures at the Southern Hotel in Bakersfield, and that the defendants took said property and disposed of it.

**TRUCK AND TRAILER BURNED**  
TAPT, July 31.—A truck and trailer, owned by the Nottingham Trucking Company, were destroyed by fire while being loaded with crude oil from the Lowell Gasoline Company at the Pyramid Loading Rack near here. The loss was estimated at \$1700. Joe Sheline, driver of the truck, was uninjured.

## FELON SLAIN IN CONVICT PRISON RIOT

Six Officers Injured as All-Day Battle Surges in Nassau Prison

MIAMI (Fla.) July 31. (AP)—One prisoner was killed and four policemen and two wardens wounded in an all-day riot within the walls of Nassau prison last week, according to word reaching here from the Bahamas capital today.

Streams of water were played on the prisoners, who escaped from their cells into the prison yard, but not until police fired into the crowd of ninety convicts was it possible to force the prisoners back to their cells.

## Lord Inchcape Makes Gift for Flyer's Widow

LONDON, July 31. (AP)—A gift of \$50,000 has been made by Lord Inchcape to provide for others who might suffer from the disaster in which his daughter, the Honorable Elsie Mackay, perished with Capt. Walter Hinchliffe. They were lost on an attempt to fly the Atlantic from east to west. The mortuary was put at the disposal of Winston Churchill, Chancellor of the Exchequer.

While Capt. Hinchliffe's widow was not mentioned by name in the announcement, the sum is understood to have been given in response to her claims that there was moral obligation on Lord Inchcape to provide for her because the whole scheme of the flight came from Miss Mackay.

Mrs. Hinchliffe is about at the end of her resources and unless help comes will be obliged to leave her home, she said tonight.

## Michigan Race for Senatorship Narrows Down

LANSING (Mich.) July 31. (AP)—United States Senator Vandenberg, Republican, and Mayor Bailey of Battle Creek, Democrat, will oppose each other in the November election as candidates for the seat held by the late Senator Ferris.

Both Vandenberg and Bailey were left without opposition in the September primary when Circuit Judge Murphy of Detroit withdrew yesterday as a Democratic candidate for the Senatorial nomination. Previously State Representative Palmer had withdrawn as a candidate against Senator Vandenberg.

Both Palmer and Murphy stated they had been qualified as candidates without their knowledge.

## War-Loan Bond Buying Starts

WASHINGTON, July 31. (AP)—The Treasury announced today that, beginning immediately, and continuing until further notice, Federal Reserve banks have been authorized to purchase at option of the holders, Third Liberty Loan 4-1-4 per cent bonds for account of the sinking fund.

The announcement, authorized by Acting Secretary Mills, says that such purchases will be made at 100-1-32, to the 15th inst., and thereafter at par, together with accrued interest to the date of such optional purchase.

## Shipping Board Sale Postponed

WASHINGTON, July 31. (AP)—The Shipping Board today postponed from October 1 to November 15 the opening of bids for purchase of the United States lines and five combination passenger cargo vessels of the American Merchant Lines because specifications and forms of advertisements will not be ready until the 15th inst.

The board announced that it desired to give bidders ninety days in which to consider the purchase.

## Ex-Kaiser's Kin Becomes Bride

SAASNITZ (Germany) July 31. (AP)—Elizabeth Hermine, Princess of Schaumburg-Lippe and niece of the former Kaiser's sister, Princess Victoria, was married at the registrar's office here today to Dr. Benno von Hauptmann, son of the famous German poet and dramatist, Gerhart Hauptmann.

The latter was one of the witnesses. The religious ceremony will take place Wednesday at Castle Dwasieden, near Saaßnitz.

## LAWYERS WIN PLAYOFF AT PALOS VERDES CLUB

In the play-off for low net honors at the Palos Verdes two-ball mixed foursome, held yesterday over the beach links, Mr. and Mrs. Don Lawyer defeated Miss Bentley and W. W. Sutherland, with whom they finished in a deadlock on Sunday.

The winners were one-up on Sutherland and Miss Bentley. The former team turned in a card of 92.

## MRS. ROOSEVELT HOME FROM JOURNEY ABROAD

NEW YORK, July 31. (AP)—Mrs. Theodore Roosevelt, widow of the former President, returned today from a trip abroad. She said her stay had greatly improved her health. She was met at the pier by her sons, Theodore and Archie, their wives and a number of relatives and friends.

## SUN-MAID CUTS ITS OVERHEAD

Executives Eliminated in Retrenchment Program

Departments Consolidated or Almost Dropped

Raisin Propaganda Given Over to Industry

FRESNO, July 31.—With the consolidation of the offices of Sun-Maid Sales Co-operative Association, marketing agency for Sun-Maid products, the Sun-Maid organization started under way today. As the first step in the economy program inaugurated by Harry M. Crech, new vice-president and general manager of the co-operative, six of the chief executives of the sales agency and a large number of their subordinates have been dismissed, it became known today.

Sun-Maid sales which for four years has occupied two complete floors of the Los Angeles First National Bank Building, to which the organization was moved from the Sun-Maid offices, will be absorbed by the Sun-Maid organization, according to an official announcement from the Sun-Maid offices.

**VACANCIES ANNOUNCED**  
Those whose positions have been abolished in the economy program include Carl Standford, director of advertising administration; L. E. Tibba, of the advertising department; Ross Leddy, assistant in the products division; and Clark E. DeMott, cashier of Sun-Maid.

The program ordered by Crech included consolidation of departments, reductions in personnel, elimination of divisions not directly engaged in the merchandising of raisins and contraction of other divisions to skeleton size.

While no official statement has been issued concerning the departmental changes, the sales, products division, and Clark E. DeMott, cashier of Sun-Maid.

The program ordered by Crech included consolidation of departments, reductions in personnel, elimination of divisions not directly engaged in the merchandising of raisins and contraction of other divisions to skeleton size.

Under the new arrangement the entire staff of both organizations will be housed in the Sun-Maid Building, in which Sun-Maid has been quartered.

**OFFICIAL STATEMENT**  
Sun-Maid's official statement concerning the consolidations said: "By consolidation and elimination of offices, the co-operative has reduced its rented space to one-third the floor area heretofore occupied."

This slashing of space is the first evidence of retrenchment declared by the Sun-Maid management and board of directors since the selection of Harry M. Crech as vice-president and general manager.

The first policy laid down by the new board was one of rigid economy and the elimination of public functions which were not in line with the operations of a strictly competitive concern.

An effect of the new policy is also seen in the Sun-Maid land cooking laboratory, which has developed recipes for raisin dishes in promoting the use of raisins through the world. Operation of such a laboratory has been maintained by Sun-Maid as an aid to the entire industry, but inasmuch as the organization is now operating on a competitive basis, in the interests of its own members, those promotional activities which are not essential to the industry are eliminated from Sun-Maid province.

A majority of the executive staff in the advertising and trade-promotion division of Sun-Maid, reported to have been dismissed, have been with the co-operative for a number of years and all have many years of experience in their profession behind them.

High officials of the Sun-Maid who decline to be quoted pending a complete statement of the changes from Crech, asserted that the dismissals were based only on the necessity for retrenchment and the cutting down of overhead costs, and that those affected were termed "loyal and efficient."

While reductions in personnel have been expected, notice of the dismissals was not been noted as a surprise until this morning, it was said.

## BISHOP TEMPLE MADE ARCHBISHOP OF YORK

MANCHESTER DIOCESAN HEAD ELEVATED TO HIGH POST IN CHURCH OF ENGLAND

LONDON, July 31. (AP)—Rev. William Temple, bishop of Manchester, has been named archbishop of York to succeed Most Reverend Cosmo Gordon Lang.

Dr. Lang was recently elevated to the archbishopric of Canterbury by the late King George VI. His resignation became effective November 12.

The new archbishop of York is a sympathizer with the Labor Union movement and always has taken a keen interest in social questions.

He also is renowned as a preacher and has frequently spoken by the hour on the most abstruse theological questions and without notes.

In recent prayerbook controversy he strongly favored the revised book and since its rejection has been one of the leaders in the movement to secure spiritual liberty for the church without, however, disestablishment.

He is 46 years of age and a son of a former archbishop of Canterbury. He has been an honorary chaplain to King George since 1915. He took holy orders in 1904, and since that time has held various positions as a priest and educator, serving as chaplain to the archbishop of Canterbury, the head master of Repton School, and canon of Westminster Abbey.

He was named bishop of Manchester in 1921. Many of his sermons and religious works have been published.

## LIFE SENTENCE IMPOSED

SAN JOSE, July 31. (AP)—Clarence "Chick" Leddy was denied a new trial this afternoon and sentenced to life imprisonment at San Quentin for the murder of Robert Hill, Jr. Leddy was found guilty of first-degree murder last Tuesday.

## PROHIBITION RAIDS TAKE HEAVY TOLL

Liquor Officers Active in Kern County With String of Prisoners Arrested

BAKERSFIELD, July 31.—Six men, two women and hundreds of gallons of liquor have fallen into a dry net spread over the entire county by Federal prohibition officers during the last twenty-four hours, and six of those captured already have contributed a total of \$1100 in fines into the county treasury. Chief Resident Agent Paul Shannon announced today.

In one raid alone, when the officers visited the home of Mrs. Hortense Prantoni, seven miles south of Bakersfield, they seized 200 gallons of wine. Mrs. Prantoni paid a fine of \$150 in the third township justice court of Judge R. L. Davis, after pleading guilty to a charge of possession of illicit liquor.

Others arrested in the series of raids are, Joe Moring and Edgar Barlow, charged with possession of liquor and maintenance of a nuisance on the Golden State highway, two miles south of here. They were assigned before United States Commissioner Ray Burum and held to answer to Federal court under \$2000 bond.

Grant Holloway, arrested three miles west of Wasco, on charges of maintaining a nuisance and possession of liquor, is pending.

Marguerite Bennett, arrested near Wasco, fined \$500 for possession of liquor, is pending.

Ira C. Moon, arrested on Jewett Lane and fined \$200 by Judge Davis, for possession, is pending.

Charles Ross and Percy Baker, fined \$200 each by Judge Davis for possession of illicit liquor, are pending.

## SAVINGS OF EARNERS GO INTO STOCKS

Wall Street Speculations Said to Account for Huge Weekly Withdrawals

NEW YORK, July 31. (AP)—Reginald Roome, president of the Excelsior Savings Bank, writes in the current Savings Bank Journal that an analysis of savings-bank deposits in New York City indicates that the bulk of the withdrawals are being taken out of the banks by depositors who have decided to "take a flyer" in Wall Street.

He calls the stock-speculation fever the latest invader of the savings-bank field and traces it back to the fact that the general public has got in finance by subscribing to Liberty-loan bonds during the war.

Roome says that the primary need in order to keep these small depositors from throwing away their savings in speculation is education in the real basis of sound investing.

## HANFORD GETS NEW THEATER

West Coast Organization Orders Architect to Start Plans Immediately

HANFORD, July 31.—R. K. Covington, manager of the Golden State Theater in this city, has been advised by A. M. Bowles, manager of the Northern California division of the West Coast Theaters that their architect has been directed to proceed at once with the drawing of plans for a new theater here.

The theater in this city was considerably damaged by the fire of June 17, which gutted the Kings Hotel Building in which it was located and as a result, a cancellation of the lease has been secured. The West Coast Theaters owns a site at Lacey Boulevard at North Irwin street, formerly occupied by the First Methodist Church, on which it is to erect a modern theater with ample seating capacity.

## Curtis Returns to Kansas Home

TOPEKA (Kan.) July 31. (AP)—Senator Curtis, Republican Vice-Presidential candidate, has returned home to await formal notification of his nomination.

Meeting newspaper men on the front porch of his red brick home after his arrival from Washington, Senator Curtis said he will make no political speeches or grant interviews on the campaign until after his notification, August 18.

## FRESNO NURSE KILLED IN AUTO ACCIDENT

FRESNO, July 31.—Crushed under the family coupe when it overturned in a collision here early today, Mrs. Allen Bowen, nurse at the County General Hospital was instantly killed. Her husband, who was driving the car, escaped with superficial injuries. Sam Kistrian, who was riding in the car, and Lazarus Kistrian, who was riding with him, escaped uninjured.

The accident occurred when they reached an intersection, according to investigating officers, who said they were unable to fix responsibility for the fatal crash. The intersection was not obscured by trees or shrubbery, and neither car was speeding, according to their information.

Bowen was sent to the City Emergency Hospital for treatment for his injuries and the body of his wife was taken in charge by Coroner Kennedy.

## HUBBER EXPONTS UNCHANGED

LONDON, July 31. (AP)—It was officially announced tonight that the percentage of rubber permitted to be exported from Ceylon and Malaya for the quarter commencing August 1 will remain unchanged at sixty.

## PADRE'S AUGUST FAIR AND WARM

Father Ricard Sees Days of Sun and Heat Ahead

No Sign of Rain Revealed to Prognosticator

Cloudiness of Month's Latter Days Empty Promise

SANTA CLARA, July 31. (Exclusive)—August weather will be a continuation of the fair and warm conditions of July, according to the monthly forecast of Father Ricard, with the exception of a four-day period late in the month, for which he foresees general cloudiness over the Pacific coast and far into the interior. His schedule follows:

August 1.—Generally fair and warm in spite of the lowering of the air pressure over Arizona and Alberta; sprinkles over Southern Alaska and British Columbia.

August 2, 3.—Continued fair and warm over the entire country.

August 4, 5, 6, 7.—Minor depressions over the high Northwest and concomitant rains, with light rain and thunder storms, fair with moderate warmth.

**T'WILL BE WARM**  
August 8, 9.—A depression of some importance landing over British Columbia and Washington and its conjugate over Arizona, with light rain and thunder storms, fair with decided warmth in California and Nevada.

August 10.—Clearing in the above sections, but fair and less warm in California and Nevada.

August 11.—Still another depression behaving very much like the foregoing in the places above named; continued fair in California and Nevada, with some cloudiness.

August 12.—Generally fair but not so warm.

August 13, 14, 15, 16, 17, 18.—Persistent low pressure over Arizona and Utah, with thunderstorms and concomitant rains, with duplicates arriving over British Columbia and Washington and the usual summer effects; thunderstorms and concomitant rains; fair and decidedly warm in California and Nevada. The 18th has been omitted above because of no new storm arrivals, but it will present nearly the same conditions.

August 20, 21.—Partial cloudiness in the above sections; fair in California but not so warm.

**CLOUDS RENEWED**  
August 22, 23.—New depressions replacing the old and reproducing the same conditions in the above-named regions rather early.

August 24, 25.—Generally fair with moderate temperature.

August 26, 27, 28.—Some general cloudiness over the immediate coast and far into the interior, owing to successive arrivals of storm conditions; possibly thunderstorms and some rain over the general Northwest and Arizona, but rather fair and considerably warm in California and Nevada, with a few clouds.

August 30, 31.—Generally fair with diminished warmth.

HUNTINGTON PALISADES

"On Santa Monica Bay"

Private beach and palisade park reserved for residents.

Complete Improvements Guarantee Value

The improvements at Huntington Palisades have been completed. They represent an expenditure in excess of \$1,000,000. They include the finest that engineering science has yet devised for residential community service.

The present and future have been thoughtfully provided for. Eight miles of wide winding drives are lined with cement curbs, sidewalks, ornamental electroliters and planted parkings. The pavement is completely laid. All utilities—gas, water, sewers, telephone and electric conduits are underground with connections inside the curb line of each site. The pavement need never be torn up. There are no poles to mar the scenic splendor or detract from the beauty of the fine half century old trees.

Consider these improvements—compare them with those you see wherever you go—add to them the obvious natural advantages of Huntington Palisades—its strategically exclusive location—then note the reasonable prices here—Huntington Palisades is today's outstanding opportunity for home or for investment. Come see it.

# Longer . . . Larger . . . More Luxurious . . .

## NEW masterpiece Bodies by Fisher . . .

In one tremendous stride, Buick has  
overleaped old modes of car design  
and attained an order of beauty  
without parallel in the automotive  
world. To know the new style—to  
appreciate its superiority—simply see  
the Silver Anniversary Buick with  
new Masterpiece Bodies by Fisher.

The world's foremost builder of auto-  
mobile bodies has cooperated with the  
world's foremost builder of fine cars to  
produce the most beautiful creations  
ever shown. And with what results!

Dashing new lines, different from  
any heretofore known—longer, larger,  
more luxurious bodies, matchless in  
their grace and symmetry—gorgeous  
new color harmonies—the richest of  
upholsteries and appointments—

full-width rear seats providing plenty  
of room for three adult passengers—  
an ensemble of beauty and luxury  
that has never been equaled!

New and deeper radiator lines—new  
chrome-plated headlamps and cowl-  
lamps—new wheel and fender design  
—all combine to lend incomparable  
poise, fleetness and distinction.

The new Buick, with Bodies by Fisher,  
marks the supreme achievement of  
the body-builder's art. To see the  
Silver Anniversary Buick is to see the

## BANK CLEARINGS GAIN FOR MONTH

July Figures Up \$62,483,776 Over 1927 Period

Drop from High Marks of May and June Shown

Increase on Last Year Given as \$638,331,602

Bank clearings in Los Angeles for the month just closed, although slightly under those of June, exceeded clearings for July, 1927, by more than 8 1/2 per cent, which, excepting the past three months, is the largest gain of any month over the same month of the preceding year since November, 1927, according to figures released yesterday by the Los Angeles Clearinghouse Association.

July bank clearings reached a total of \$830,393,299.82, which when compared with \$767,099,522.92 for July last year, is a gain of \$62,483,776.70. Based on twenty-five business days in the month, the increase is at the rate of \$2,499,351.07 a day.

Clearings for May and June this year were the highest for any month on record, with the record established in May at \$899,674,158.98. Stock-market operations accounted largely for the high total. The summer months of the year, however, are lower in volume than other periods due to the usual seasonal lull in trading.

Stock-market transactions for July, however, have dropped approximately 50 per cent in volume from June. Clearings for the month compare with a total of \$651,822,143.11 for June, in which there was one more business day, a decrease of \$121,828,445.49, or about 18.7 per cent. In contrast, clearings for July, 1927, dropped off about 1 per cent from June, 1927.

Clearings for the first seven months of the year totaled \$6,187,974,534.63, as compared with \$5,849,632,281.29 for the corresponding period of last year, a gain of \$338,253,253.34, or more than 5.8 per cent. Comparative monthly clearings for the first seven months of the year with monthly figures for 1927 follow:

Month	1928	1927	P. C.
Jan.	\$821,724,440	\$754,221,301	10.8
Feb.	\$792,472,724	\$734,221,301	10.8
Mar.	\$821,724,440	\$754,221,301	10.8
Apr.	\$792,472,724	\$734,221,301	10.8
May	\$899,674,159	\$821,724,440	10.8
June	\$899,674,159	\$821,724,440	10.8
July	\$830,393,299	\$767,099,523	10.8
Total	\$6,187,974,535	\$5,849,632,281	10.8

**EARNINGS OF THREAD COMPANY SHARPLY UP**

NEW YORK, July 31.—Net income of the American Thread Company was \$2,253,000 for the year ended March 31, 1928, after interest, depreciation and taxes, etc., against \$1,724,491 the previous year.

## JULY STOCK TRADING IN SHARP DROP

Value Total 53 Per Cent Under June, But Scores Heavy Gain on 1927

Value of stock and bond transactions on the Los Angeles Stock Exchange for the month just closed increased nearly 250 per cent over the same period last year, but compared with June transactions showed a decrease of more than 53 per cent.

Combined sales of stock and bonds aggregated \$39,139,000 for July, as against \$11,857,000 in June, 1927, a gain of \$27,282,000 over the same month last year and a drop of \$44,575,000 from June, 1928.

Transactions for the first seven months of the year totaled \$459,090,228, as compared with \$459,991,137 for the corresponding period of 1927, a gain of \$737,099,091, or more than 16 per cent.

Summer trading was a notable falling off in bank share trading and a switching of interest to the oil list, which accounts largely for the decline in value due to the high prices of bank stocks. Richfield, Rio Grande, Union Oil of California and Republic Petroleum figured prominently.

Comparative monthly figures for 1928 and 1927 follow:

Month	1928	1927	P. C.
January	\$4,590,902	\$4,590,902	100
February	\$4,590,902	\$4,590,902	100
March	\$4,590,902	\$4,590,902	100
April	\$4,590,902	\$4,590,902	100
May	\$4,590,902	\$4,590,902	100
June	\$4,590,902	\$4,590,902	100
July	\$4,590,902	\$4,590,902	100
Total	\$459,090,228	\$459,991,137	100

**Daily Average Oil Production at Lower Level**

NEW YORK, July 31.—(AP)—The daily average gross crude oil production in the United States decreased 15,000 barrels for the week ended the 28th inst., totaling 2,396,250 barrels, says the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,743,750 barrels, a decrease of 14,000 barrels.

## USUAL EARLY ADVANCE HALTS ON MARKET

Run-up in Call Rate Selling Rush

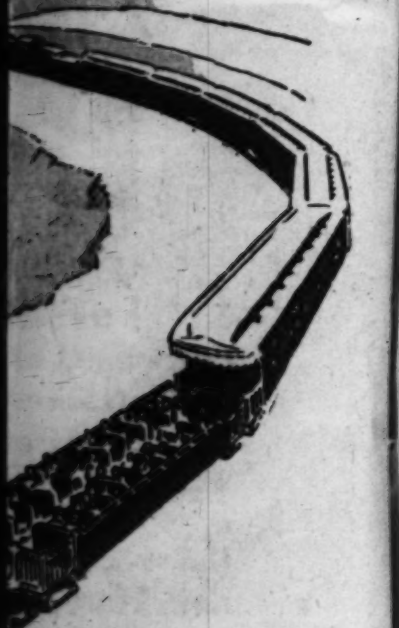

Heavy Calling of Loans Speeds Slump

Bulls Make Stubborn Fight Stem Attack

NEW YORK, July 31. (AP)—A run-up in call rate, accompanied by a selling rush, halted the advance in the stock market today. The market was up to 7 and 7 1/2 percent in the early morning, but a heavy calling of loans and a selling rush in the afternoon brought it down to 1/2 percent. The market was up to 7 and 7 1/2 percent in the early morning, but a heavy calling of loans and a selling rush in the afternoon brought it down to 1/2 percent. The market was up to 7 and 7 1/2 percent in the early morning, but a heavy calling of loans and a selling rush in the afternoon brought it down to 1/2 percent.

**SOFT SPOTS**  
General Asphalt, Westinghouse, Alcoa and General Electric did so well. The United States Steel Corporation, making its report public at the close of the market, earned a share in the first six months against \$8.89 in the first half of 1927, but earnings in the second quarter were \$2.75 against \$2.75 in the first quarter of 1927. The establishment of new low for the year by British and Canadian dollar from a premium discount were the outstanding features in the mixed foreign exchange market. Sterling cables were quoted as low as \$4.85 5/8 and Canadian dollar from a premium discount were the outstanding features in the mixed foreign exchange market. Sterling cables were quoted as low as \$4.85 5/8 and Canadian dollar from a premium discount were the outstanding features in the mixed foreign exchange market.

## BUSINESS QUIET ON METAL MART

Quotations Rule Unchanged at Former Levels

Copper Continues in Strong Technical Position

Zinc Institute's Work Seen as Price Stabilizer

BY CHARLES F. WILLIS  
Editor The Mining Journal, Phoenix  
The past week has been quiet for the metals with no particular activity in purchasing and no

change in the metal prices. Copper remains at 14.50 f.o.b. refinery, lead at 6.20 American Smelting and Refining contract price, New York, and zinc at 6.20 for immediate delivery and 6.25 for futures f.o.b. St. Louis. The present metal market is generally characterized as "uninteresting." Sales are maintaining well in all the metals, up to the average in fact, but with no excitement and no unusual demand. The quietness of the copper market is largely due to the fact that offerings of July copper are on a restricted scale and the producers are not seeking futures, although accepting some orders. July copper is actually sold out and it is reported that a few holders are asking a premium for the metal for immediate delivery. Likewise, August copper has been contracted for to an extent which would indicate that no heavy buying can be expected during that month except for future delivery.

**TO HOLDERS OF**  
**Richfield Oil Company of**  
**California Common Stock**  
**Purchase Warrants**  
(Issued originally with Preferred Stock)

ATTENTION is called to the fact that the current optional purchase price of \$30 per share, under the terms of the indenture, will expire at the close of business August 31, 1928, after which the price of Common Stock to warrant holders will be \$32.50 per share until February 28, 1929.

The facilities of this office are at the disposal of investors who wish to exercise their warrants or obtain information concerning Richfield securities.

## A Good Time to Buy High-Grade Securities

Business conditions are fundamentally sound. The outlook for renewed activity in industrial, mercantile and financial lines is encouraging. Sound securities are now obtainable at favorable prices, and we believe that immediate commitments are justified.

The following offerings are submitted with our recommendation for diversified investment, and inquiries for further information are invited.

## THE INVESTOR

## Higher Yield of Sterling Bond Issues Reported as Gaining Investors' Favor

BY WILLIAM RUSSELL WHITE

(Copyright, 1928, by New York Evening Post, Inc.)

NEW YORK, July 31.—One of the results of the recent unsettlement in securities, with the slackening in trading, has been a revival of interest in foreign bonds, according to investment bankers.

Bond buyers have shown a tendency to shop around. Discrimination has become more pronounced with the general advance in money rates that has removed some of the attractiveness of obligations affording a low yield. Issues that offer possibilities of appreciation still find favor.

In the foreign list bonds issued in a foreign currency, such as sterling, are becoming more popular. They are to be found in portfolios of many investment trusts of the management type. American investors' interest in such bonds has resulted in establishment of a fairly close market here.

It is not unusual for a bond in a foreign currency to afford a higher yield than obligations of the same denomination here in dollar denominations.

For one thing, bonds of a foreign currency are not subject to the same depreciation as the dollar. The bank's depreciation is a factor, although not vital, is an item for which many investors are willing to pay.

Among Brazilian external loans.

for instance, several sterling issues are selling at a discount of 20 to 40 points. Straight yields range from about 6 to 7 per cent. Prospects of appreciation, especially in the case of bonds selling around 60 to 70, add materially to the yield. Sinking-fund operations, too, are to be taken into consideration, as maturity is an important factor in determining the yield.

The variation in prices on Brazilian sterling issues is due in part to previous suspensions in sinking-fund operations and confusion over maturity dates.

The 4s of 1930, for instance, sell at about 62, when stamped with the English stamp, and according to the bond, are due in 1945, while the 4s of 1931, are selling 7 points higher, although due six years later. The 4s of 1910, due in 1978, thirty-three years later than the 4s of 1930, are selling at about the same price. The 4 1/2s of 1933 and 1935 are selling between 75 and 80. The last two are expected to be retired in 1943 and 1945.

The body of the bond, in the case of the 4s of 1930, says if any remain unpaid fifty-five years after the issue, they shall be paid by the house of Rothschild in London. The bankers have been quoted as saying the maturity was not changed by suspension of the sinking fund from 1914 to 1927.

There is no longer any mystery about copper. Every month statistics in most complete form are made public and speculation, which has been the disturbing factor of the market for many years, has been pretty well eliminated. The industry is on a sound and stable footing and promises to cash in within the next few years in a period of unparalleled peace-time prosperity.

**ZINC INSTITUTE WORK**  
There is considerable talk about almost immediate results being obtained by the American Zinc Institute in its similar work toward stabilizing the price of that metal, but there is no evidence except a few promises and a uniformity of price among the various smelters. There has been no statement as to the aims and policies on their new work, although some promises have been made. There are too many weak units in the zinc industry to expect such quick results, as they must quickly convert their metal into cash at any obtainable price.

The part in the copper statistics which have been watched closely is whether the producers were to take advantage of the low supply and the advanced price and immediately push up production. While production has increased somewhat the producers did not speed up to the extent which many expected them to do and there is no evidence that there is to be any material increase in the amount of copper which will be available for fall delivery.

**COPPER IN BEST POSITION**  
The copper-mining industry is in the best position it has had since the war in so far as outlook is concerned. Production and consumption are breaking new records. Consumption of copper in Europe increased 19 per cent in 1927 over 1926, and the rate of consumption indicates that 1928 will show progress at about the same rate. Stocks of copper both in the United States and abroad are lower than ever before, and the market is thoroughly stabilized and is strictly and completely a producers' market.

Considering the condition of the copper market, the present price is very low but the producers seem to be firm in their policy of keeping the price down as far as possible in order to stimulate the use of the metal, as the mines can produce much more copper than at present and the most substantial prosperity can only come when the mines are running at capacity. It does look, however, as though copper was scheduled for another price advance along with the next buying movement which is anticipated in September.

**Allis Chalmers Earnings Gain**  
NEW YORK, July 31.—Net earnings of Allis Chalmers Manufacturing Company for the June quarter amounted to \$807,407 after interest, etc., equal to \$3.09 on 260,000 shares of common outstanding, compared with \$675,000 or \$2.60 a share for the previous quarter and \$831,007 or \$3.20 a share for the corresponding period last year.

Six months' profit was \$1,480,007 or \$5.69 a share compared with \$1,082,150 or \$4.17 a share after preferred dividends in 1927. Unfilled orders to June 30, last, were \$10,148,287 against \$10,013,114 to December 31, 1927, and \$11,251,142 to June 30, 1927.

**Income of Oil Company Gains**  
NEW YORK, July 31.—Net income of the Mid-Continent Petroleum Corporation for the June quarter amounted to \$2,212,276 before depreciation and depletion and taxes, equal after preferred dividends to \$1.50 a share on 1,410,000 common shares outstanding.

This compares with \$1,032,390, or 66 cents a share reported for the previous quarter, and \$2,004,105, or \$1.39 a share on 1,357,461 shares for the corresponding period last year. Six months' profit before reserves was \$3,248,666, or \$2.16 on common, against \$4,884,955, or \$3.43 a share last year.

**Dividend Revived**  
BY ALBERS MILLING  
SAN FRANCISCO, July 31. (Exclusive)—Board of directors of Albers Brothers' Milling Company voted yesterday to place the 7 per cent preferred stock back on a dividend basis and authorized payment of a \$1.75 dividend on August 15 to stockholders of record tomorrow. No dividends have been paid on the preferred since February 15, 1927, and on January 20 the accumulated dividends unpaid were reported at \$19.28 per share, which would bring the total to \$22.75 prior to the declaration of the present dividend.

**Ship Board Gets Bids on Fuel Oil**  
WASHINGTON, July 31. (Exclusive)—Gulf Refining Company was low bidder for fuel oil requirements of Merchant Fleet Corporation at Jacksonville, Fla., and Charleston, S. C., at 91 cents a barrel, and Tampa at 90 cents a barrel. Total requirements of these ports are about 55,000 barrels a month.

Mexican Petroleum Company was the only bidder for supplying the port of Boston, making a bid of \$1.40 a barrel, terminal delivery, for 22,000 barrels a month. Pure Oil Company was low bidder at Savannah, Ga., offering to supply 25,000 barrels a month at 89 3/4 cents a barrel.

Bids have been taken under consideration and will be referred to Shipping Board for final action.

**Fidelity Savings Enlarges Board**  
Stockholders of Fidelity Savings and Loan Association, meeting Monday, authorized an increase in the membership of the board of directors from nine to fifteen directors. The stockholders' meeting was adjourned till Thursday, when it is probable the new directors will be appointed. It was stated.

Control of the Fidelity recently passed to a group of Los Angeles business men headed by George H. Woodruff, attorney, and George L. Eastman, president of the Los Angeles Chamber of Commerce.

**Westinghouse Earnings Drop**  
NEW YORK, July 31.—Westinghouse Air Brake Company reports that for the six months to June 30 net income amounted to \$2,930,350 after depreciation and Federal taxes, equal to 92 cents a share on 3,172,111 shares against \$5,247,283 or \$1.65 on same capitalization in 1927.

Second quarter net income was \$1,492,282 or 47 cents a share against \$2,444,485 or 77 cents a share in 1927.

**NEW WILDCAT AREA OPENED IN WYOMING**  
DENVER, July 31.—Wildcat test of the Continental Oil Company on the Cow Gulch structure, Niobrara county, Wyo., made a flow of oil and gas from 2502 feet below the hole caved. The well is five miles from the Ant Hills structure. Another wildcat area opened up a few months ago by the Continental company.

## Vacation Time

Vacation time is here once more and thousands of investors are planning pleasant ocean voyages, trips to distant cities, or shorter visits to nearby mountain and beach resorts.

Will your vacation be care-free and happy, or will you be constantly worrying about the market fluctuations of the securities you have left at home? CALIFORNIA COMPANY investors never worry for they are sure of a dependable, fixed income at all times—the highest consistent with security.

holders of American Telephone and Telegraph stock to exercise their rights, and this was the last day for the filling of subscriptions. Heavy withdrawals also were made by large corporations, which have been investing millions of surplus funds in the call loan market because of the attractive yields available.

STRENGTH SHOWN

Consistent strength was shown by a few issues, notably Montgomery Ward, which advanced nearly 4 points to a new high record of 183 3/4 and closed within a point of the top. Other issues to move into new high ground were Securities, American Smelting, Putnam, Tea, Chicago Cattle and Oil and Petroleum, but not all of the early gains were maintained.

Radio slipped from 173 1/2 to 172 1/4 and went back to 174 1/2. Wright Aeronautical from 160 1/2 to 155 and back to 160 1/2. General Motors from 132 1/2 to 131 1/2 and back to 132 1/2. United States Steel from 141 1/2 to 140 1/2 and back to 141 1/2. All closing at 141 1/2.

Time money and commercial paper rates were unchanged. The Federal Reserve Bank raised its rediscount rate from 4 1/2 to 5 percent, making the eighth bank to take such action.

With the exception of a "sequencing" of the "short" in July, corn, which advanced nearly 1 1/2 cents a bushel, most of the leading commodities lost ground. Wheat dropped from 3 to 2 3/4 cents a bushel and quotations held firm, but sugar futures were again erratic.

LIVE-STOCK MARKET

(Furnished by Federal Reserve Bank)

Table with 4 columns: Market, Live-Stock, Receipts, Shipments. Rows include Cattle, Hogs, Sheep, and Poultry.

CATTLE: The small supply of cattle for the week was 10,000 head, of which 5,000 head were from the West and 5,000 head from the East. The market was steady, with prices ranging from \$10.00 to \$12.00 per head.

HOGS: The market was steady, with prices ranging from \$10.00 to \$12.00 per head. The supply was 10,000 head, of which 5,000 head were from the West and 5,000 head from the East.

SHEEP: The market was steady, with prices ranging from \$10.00 to \$12.00 per head. The supply was 10,000 head, of which 5,000 head were from the West and 5,000 head from the East.

POULTRY: The market was steady, with prices ranging from \$10.00 to \$12.00 per head. The supply was 10,000 head, of which 5,000 head were from the West and 5,000 head from the East.

MARKETS: The market was steady, with prices ranging from \$10.00 to \$12.00 per head. The supply was 10,000 head, of which 5,000 head were from the West and 5,000 head from the East.

# Gun Battles and Death Feature Wave of Banditry

## BANK ROBBER'S LIFE FORFEITED

Another Flees With \$29,000 After Hold-up of Eleven

Desperado Fatally Shot at End of Thrilling Chase

Spectacular Crimes Result in General Consternation

A wave of banditry swept Los Angeles and vicinity yesterday, leaving in its wake an alarmed citizenry, and violent death that closed in on at least one young outlaw who thought he'd "take a chance for a few thousand."

As a result, police records show, among other grim records of the flouting of law and disregard for life and property rights for the day:

A bank hold-up in Los Angeles that involved \$1115.

Another in Long Beach netting the bandit \$29,000 in cash and travelers' checks.

A youth dead, from a policeman's bullets, in the County Morgue.

A mad automobile chase through downtown streets while leaping thugs impeded the lives of peaceful citizens.

A gambler in Westlake Park between bandit and posse.

A collector for a large chain store held up and robbed of about \$1500.

A driver for a leading department store robbed at a load of goods valued at \$1000 stolen.

A "one bandit" who made his third successful raid on banks in Long Beach.

Death last night claimed the life of George Murphy, 20 years of age, as payment for his attempt, earlier in the day, to "pull" his first bank robbery.

Police surgeons Svarien and Spear, after a major operation, said, "There's not much chance."

NO DESIRE TO LIVE

And Murphy, torn by slugs from the pistol of Detective Lieutenant Pruitt, expressed no desire to struggle for that small chance.

His lips, shattered by one of the bullets, replied briefly to questions of the police. He admitted holding up a robbery three employees of the United States National Bank at Sixth and Bixel streets; admitted getting away with \$1115 in cash, and firing several shots at pursuing citizens. He denied shooting at any of the half-score of police officers who surrounded him in Westlake Park and finally brought him down.

He refused to talk about himself or his antecedents.

He wrote his name down as George Murphy, his address as 1322 Ingraham street. He scrawled a note saying that he came here from New York and that this was his "first job."

Murphy's first job, flight, and capture formed one of the most spectacular episodes of banditry here since the Kid McCoy capture.

SPECTACULAR COUP

Soon after the bank opened at 10 a.m. yesterday he walked in and presented Walter Scott, teller, a check to cash. At the same time he drew a German-made automatic, backing away so he could cover Ira Pontius, manager, and Miss Velma Pallen, bookkeeper, at the same time.

"You folks step to the rear," he said in a squeaky and jumpy voice. "I'm temperate and I'll shoot at the least hint more."

Scott was ordered to hand out \$2000, and as slowly as possible counted out \$1000 in bills, then \$1115 in change. He placed it in a white pillow slip the bandit held in his hand.

BANDIT FLEES

Two customers, J. L. Preston and F. H. Day, walked from the bank and were ordered to the rear. Murphy then backed out of the bank, leaping quickly into a waiting roadster, and started west on Sixth street. Scott, seeing a revolver, ran to the street and fired at him. None of the shots took effect.

Hearing the shots, John H. Newby of 1877 Gramercy Place and R. E. Williams of 1844 Summit avenue, Pasadena, took up the chase in the car in which they were driving. The pursuers gained as the two cars careened and roared through the streets. Miraculously both hunters and quarry escaped injury or death in the crowded traffic, and pedestrians leaped for their lives as the cars sped across the intersections.

CARS COLLIDE

At Sixth and Carondelet streets Murphy's car crashed into a taxicab driven by Floyd Curtis of 227 East Sixty-seventh street. Curtis escaped injury, while Murphy leaped from the roadster and fled west to Coronado street, closely followed by Newby, Williams, Curtis and other citizens.

J. L. Glascock of 301 Clifford avenue, swung his car toward the curb and Murphy, thinking he was being run down, turned and fired twice. Both bullets went wild. Murphy fired at Curtis and missed. Murphy turned toward Westlake Park, two blocks away and darted into the thick foliage at the end of the park.

SURROUNDED IN PARK

Several squads of police, dispatched by Chief of Detectives Cline and Captain of Detectives Cahill, arrived and joined the hunt. The police deployed and surrounded Murphy in a clump of bamboo. Detective Lieutenants Pruitt, Rathbun and Cullen advanced on one side and Erickson, Williams and Cahill on another. They ordered Murphy to surrender but got no reply. Murphy was seen to rise from a crouching position and Pruitt fired twice, one bullet hitting the bandit in the left jaw and the other just below the heart. They found the money on him.

LONG BEACH ROBBERY

The third successful raid on a Long Beach bank within the year was made yesterday by the "one bandit," for whom police have been searching the State for months. Yesterday he held up eleven employees of the Security Trust and Savings Bank, Anaheim and American avenue branch, and took \$18,000 in cash and travelers' checks.

## CHILDREN MAKE TOYS FOR MISSION

Church Vacation School Pupils Build Menagerie

Hard at Work—But It's Really Play Class at Daily Vacation Church School of Wilshire Presbyterian Church Mission Home in San Francisco.

WITH hammers, saws and paint brushes the boys and girls of the Wilshire Presbyterian Church daily vacation school are fashioning a complete menagerie, not to mention a few warships, out of strips of board. When completed the articles will be sent to the Ming Quong Mission Home in San Francisco to delight the small Chinese children harbored there during the day.

This is the fifth year the daily vacation school has undertaken to make these toys. The work is being done under the direction of William M. Brown, Miss Grace E. Cooper, Miss Maud Hays, Mrs. V. R. Harlan, Mrs. C. A. McGee, Miss Hazel Goodrich and Miss Gretchen Shaw. One hundred and thirty-five pupils are enrolled in this year.

Defeat of efforts to pass the Swing-Johnson bill at the last session of Congress was due to the powerful lobby maintained at Washington by the power interests, the Senator said.

ATTACK VOICED

"If we were not dilly-dallying this material age," he asserted, "we should have been started into action by this power trust, which has spent millions of dollars in spreading its propaganda through the public schools, churches and colleges and by the dissemination of its poisonous literature through our public agencies."

The speaker stated that there are several newspapers in the State which have betrayed Californians by their editorial policies followed during the legislative fight.

"Stand aside all you citizens who fear the Los Angeles Times and its editor," continued the Senator, "for we want only fearless supporters who will work shoulder to shoulder with us in our approaching fight for passage of Boulder dam legislation."

Touching briefly on farm relief, Senator Johnson declared that the sympathy of the Republican majority of the next administration and that "I am for anything which seems to have any possibility of relieving the farmers' situation."

REDAILED ASSAILED

He also warned his audience against a Democratic victory at the general election on account of the protective tariff which, he said, is a disaster to California farmers and industrialists.

The speaker was introduced by Joe Scott, Los Angeles attorney, who launched a direct assault on Charles Randall, Senator Johnson's opponent for the Republican nomination to the United States Senate, who he said, is a traitor to the party for running on the Prohibition ticket in a State where the prohibition is so forced successfully.

Prior to the meeting, Senator Johnson was the guest of members of the Republican Club and friends at a dinner in the Pasadena Athletic and Country Club.

WAR SECRETARY IN CITY ON TOUR

(Continued from First Page)

San Bernardino yesterday afternoon and motored to March Field. He then drove direct to Los Angeles. His two daughters, accompanied by the civilian aid and J. M. Connel, general passenger agent of the Santa Fe, continued the rail journey. They were met at the Santa Fe station by the headquarters of the Ninth Corps headquarters under command of Lieut. Col. Graham and escorted to the Billmore hotel.

The entire trip to Honolulu, back to Seattle and to Washington by the northern route in company with Secretary Davis.

HOTEL MELEE TOLD IN SHERIFF REPORT

THREE SERVING JAIL TERM AFTER FREE-FOR-ALL IN AVALON

Details of a free-for-all fight in the St. Catherine Hotel, Avalon, on July 26 were revealed yesterday in a report to the Sheriff's office which implicated two bus boys and a hotel cook.

L. Ganbi, 21 years of age, and Felix Reed, 30, are in the County Jail serving ninety-day sentences and Paul Rutilla is under a 180-day sentence.

According to the report, a fight developed between Ganbi and a man named Blackman. Rutilla is asserted to have drawn a gun and fired a shot at Blackman, but it struck Ganbi in the left thigh.

BOULEVARD STOP SOUGHT

The Waits City member of Commerce yesterday asked the City Council to establish One Hundred and Third street from Central avenue to the city boundary line as a boulevard stop street.

## CHAPLIN QUICK IN PATHOS, TOO

Comedian Weeps When Cafe Burns, Owner Tells

Sympathy in Friend's Loss Highlight of Trial

Arson Case Prosecution to Conclude Today

While flames ate their way into the Russian Eagle Cafe, Hollywood motion-picture colony rendezvous, Charlie Chaplin wept at the sight and consolingly embraced Gen. Theodore G. Lodiensky, owner and operator of the cafe.

This was the high spot yesterday in the testimony of Gen. Lodiensky, who took the stand in Judge Doran's court as a witness in the trial of Michael Toccia, Russian art dealer, who is charged with arson and burning insured property in connection with the burning and wrecking of the cafe.

MASTER OF TONGUE

Speaking in good English the general, a former officer in the Russian imperial army, described the fire and the resulting confusion in his restaurant.

It was just before the explosion that Chaplin came to him, he said.

"Charlie asked me if I had any insurance," the general testified. "I told him I had only \$5000 and he embraced me and wept."

Chaplin was said just to have left the place before an explosion wrecked the building and seriously injured Gen. Lodiensky.

DAMAGING TESTIMONY

Other important points in the trial yesterday included the testimony of John Ransom, a carpenter. Ransom stated that two days before the fire he saw Toccia under the building at an early hour of the morning. When Toccia climbed out, Ransom stated, he noticed two candles burning beneath the structure. Ransom declared that when he returned a half-hour later the candles had been extinguished.

Toccia is asserted to have set fire to the place in an effort to collect a large amount of insurance. He was a cotenant of the building.

Dep. Dist. Atty. Clark and Ag. announced the prosecution of their case today. Defense attorneys Stanley Vasei and Walter Ham will start immediately with the examination of their witnesses.

FAIR ACHIEVES WORLD STATURE

(Continued from First Page)

hogan and cliff-dwellings, with Indian men, women and children in native dress, wearing beaded and rugs and making and stringing bright-colored beads. The work of the Indians and Navajos is of special interest.

After listening to a band or radio concert from the bandstand in the center of the museum-bordered Reflection Lake, you may want to walk into the Liberal Arts and Education Palace, which many persons consider the greatest attraction of the exposition. Go there by all means, take a good long look at the exhibit, and you will find that children and you will find that to criticize modern education and "this degenerate age."

TODAY WILL BE MASONIC AND CIVIL RE MILE DAY

By "Times" Staff Correspondent

LONG BEACH, July 31.—Sunday attendance record at the Pacific Southwest Exposition, which is to be broken tomorrow, Wednesday, Masonic Day. The day will be known as Cecil De Mille Day, and hundreds of people from the motion-picture industry are expected. Mr. De Mille will arrive on his yacht, the "Cecil De Mille," at 2:30 o'clock, accompanied by Mrs. De Mille. A reception committee headed by Mayor Oscar Haug will greet the producer at the landing. Buses and automobiles will be employed to bring employees of the De Mille studio to the exposition and officials have promised the arrival of these vehicles for the same hour.

The band of the Long Beach Pyramid, Scouts and the famous drill team of the same organization will be featured.

Knights Templar in uniform, members of the Mayday, Job's Daughters and other Masonic organizations, the Royal Knights of the Round Table, Executive Association and other organizations are expected.

Alice Gentile was the honor guest of the day at the exposition and the Parent-Teacher Association today and appeared in the bandstand at the Little Theatre during the afternoon program. A musical feature of interest to composers will be the Pan-American musical compositions, which have been loaned to the official exposition band by the United States Army Band at Washington.

STUART McALLISTER GIVEN INHERITANCE

Having attained majority, Stuart McAllister appeared yesterday before Judge Beecher in Superior Court to receive his inheritance from the estate of his late father, J. R. McAllister.

By his father's will he was left \$25,000. Pending his majority this fund was administered by T. M. McAllister as guardian. Yesterday Judge Beecher discharged the guardian and ordered the money paid over to the heir.

UTILITIES COMMISSION NAMES NEW PRESIDENT

Henry M. Burgeon was elected president, and George Marcell was elected vice-president in the annual reorganization of the Board of Public Utilities yesterday. H. S. Hafler has been president and Dr. Laura M. Locke has been vice-president for the last year. In the reorganization of the Public Utilities Commission, J. A. Schweitzer was re-elected president, and F. W. Gollum was elected vice-president in place of F. W. Thorpe.

Picture Extra Held For Burglary Trial

Dallas D. Van Cline, motion-picture extra, was ordered held for trial by Superior Court under \$2000 bail on burglary charges yesterday, following his preliminary hearing before Municipal Judge Guisano.

Similar charges against W. R. Adkins were dismissed. Van Cline, according to testimony by Josephine Hill, took her car to find her dog. She gave him the keys. On the ring were the keys to her apartment at 460 South Coronado street. She accuses him of entering the apartment and taking \$140 in cash and four diamond rings.

# Of interest to Women.

## SOCIETY

BY JUANA NEAL LEVY

Mr. and Mrs. James T. Friesner (Dorothy Morphy) who with their later's brother, Alan Morphy, have been touring abroad for some months, arrived home Monday and are again domiciled at their home in Irving Boulevard. They have had a most delightful trip visiting with relatives of Mrs. Friesner in England, and also motoring through Wales, France and Switzerland, stopping for a visit in Canada before coming to the Coast, arriving Monday.

**Newcomers**  
Mrs. O. G. Murphy and Miss Winifred Murphy, wife and daughter of Capt. Murphy of the U.S.A. West Virginia, will arrive today aboard the Guatemala, from New York by way of the Panama Canal.

**For Sister**  
One of the lovely midsummer events was the buffet supper Sunday evening with Mr. and Mrs. Davis. Mrs. Davis entertained at their home, 701 Franklin avenue, Hollywood, honoring the sister, Mrs. John Groves II, of Los Angeles, and Miss Gertrude Davis of Chicago, a cousin of Mr. Davis, who are here for the summer. Bridge followed the supper and among those hidden were Mr. and Mrs. Charles R. Blystone, Mr. and Mrs. Victor Kolberg, Mr. and Mrs. Edwin Twitchell, Mr. and Mrs. William de Freese Mann, Mr. and Mrs. Harry Behn, Mrs. George Moskvita, Mrs. Ted De Witt, Miss Jane Pearsall, Miss Louise Kelso, Lyman Gage, John Ware Gage of Chicago, Wayne Baker, Dr. Ralph Tummie, Howard Pick and Robin S. Lane, Jr.

**At Del Monte**  
Guests at Hotel del Monte and their friends were entertained Wednesday afternoon at a fashion revue, during the tea hour, the affair taking place in the beautiful court lounge.

Misses Isabelle and Patricia Creed, lovely daughters of Mrs. Wagstaff, Mrs. Creed of Piedmont, and popular members of the younger set at Del Monte, were among those admitted in exquisite embroidered Mandarin coats and ceremonial robes and Miss Beatrice Bardwell, granddaughter of Mrs. Alva Pillsbury of Pasadena and Pittsfield, Mass., attractively wore several fashionable Haori coats. Miss Constance Creed of Piedmont, California, wearing a beautiful Spanish shawl and oriental smoking or lounging suit, while Mrs. John S. Craven, of Los Angeles, was another lending gracious charm to the promenade as she displayed elaborately embroidered Chinese pajamas. Miss Margaret McMahon and Miss Janet Coleman were also attractive visitors participating.

Mr. and Mrs. John S. Craven arrived a few days ago from Pasadena to occupy their home at Pebble Beach for the balance of the summer, and Col. and Mrs. J. Hudson Poole with their family also from Pasadena are occupying Villa Hebe, which overlooks Carmel Bay.

Mr. and Mrs. Malcolm McNaughton, who have been enjoying the month of July at the 101 Ranch in Wyoming, arrived Friday with their family from Pasadena and will remain for the summer in their home at Pebble Beach on their return trip south.

**Come on Trip**  
Miss Gloria Gottschalk, daughter of Mr. and Mrs. Louis F. Gottschalk of 933 Federal street, with Miss Florence Summerbell, has gone to Oklahoma, Memphis, Tenn., and Chicago for a ten days' visit. They were delegates to the Sigma Tau Phi society convention held in Oklahoma City, and will return home the last of the week.

**Dinner Party**  
Mr. and Mrs. Charles R. Allen gave a delightful dinner at their home.

**Scholarship Luncheon**  
The first scholarship luncheon ever held by Southwestern University will take place at the Hotel Alexandria Saturday noon. Portia's Daughters, women law students of the law student in the graduating class with the highest record.

**At the Gables**  
Mrs. T. Wolf of 5106 Bonaire avenue, Los Angeles, and Mrs. Suckoff of 801 South Mainfield avenue, Los Angeles, were cohostesses at an attractive bridge-luncheon at the Gables Club, Santa Monica, Tuesday. Their tables were artistically decorated with spring flowers.

Guests included Mrs. H. I. Lewis, Sydney Lewis and Mrs. M. Kats of Chicago; Mrs. J. Steiner of Gary, Ind.; Mrs. W. L. Feuer, Mrs. M. Miller, Mrs. M. Kreiman, Mrs. E. Millstone of Cleveland, Mrs. I. Waters, Hortense Waters, Mrs. D. Levine, Mrs. M. C. Cohen, Mrs. S. Newman, Mrs. M. Newman, Mrs. F. M. Hirsch, Mrs. R. Hepp, Mrs. F. Leaky, Mrs. H. Flischer, Mrs. J. Friedman, Mrs. M. Stein, Mrs. I. Volan, Mrs. T. Wolf and Mrs. M. Netter and Miss Mildred Liebolt of Springfield, Mo.

The Gables Club was the setting Thursday for the annual Phi Lambda Theta frolic for the women of the summer season of the University of Southern California. The party was in charge of Ruth Byrne, president of the society. Miss Byrne was assisted by Florence Springer. A delightful program in the form of a trip through radioland consisting of swimming, bridge, a track meet and a musical program followed by dinner was enjoyed by all. The hostesses for the dinner were Mrs. Leo Gamble, toastmistress, Nellie Needham.

**SALES EXPERT TO SPEAK**  
Thomas K. Kelly will be speaker of the day at the luncheon of the Kiwanis Club today noon at the Biltmore. His subject will be "The Changing Art of Selling." He is president of the T. Kelly Sales System of Minneapolis. Fred F. Foster will act as chairman of the day.

**Hair Off**  
Painlessly, Permanently  
New System Takes Hair Off Face, Arms and Legs. Prices Moderate. Ask Us About It.  
Hair Off Studios  
2422 West 7th  
DRexel 9074

**Stop Gray Hair Without Dye!**  
The one liquid—Nourishine—restores gray hair to all original color, evenly, naturally—without dyeing. Nourishine cures the hair. Nourishine also banishes dandruff, promotes hair growth and cleanses the scalp. Of Mrs. Ford tells which feeds and nourishes the hair roots. 1 oz. bottle, \$1.25. For best results use Nourishine shampoo, 4 oz. bottle, 50c. PRICE FOLDER, telling how to have your hair beautifully restored, sent on request by the Nourishine Mfg. Co., 701 O. T. Johnson Bldg., Los Angeles.  
At leading drug and dept. stores.

**Nourishine**  
NOT A DYE  
Hair Off Studios  
2422 West 7th

## RECEPTION HONORS BOWL TALK

Mrs. Boyce-Smith Will Be Event Hostess

Mrs. Leland Atherton Irish

ONE of the loveliest of midsummer affairs will be the reception which is being given this afternoon at the home of Mrs. J. Boyce-Smith in South Highland avenue, with Mrs. Leland Atherton Irish, Mrs. Nora Puterbaugh, Miss Violet Hart, Mrs. Earl Holland and Mrs. Leland Atherton Irish, while Alfredo Casella of Rome and

beautiful home, South Longwood and Wilshire, Saturday evening in honor of Mrs. Lucia Barile, wife of Santa Monica, on the eve of her departure with her son Joseph for a motoring trip along the Columbia River and scenic roads to St. Paul, her former home. The dinner took place as the sun was slowly sinking in the west under the beautiful California trees beside the Brook flowing through the Allen estate. Many Los Angeles society and literary folk were present at this most unique and attractive affair.

**Entertain Visitors**  
Mr. and Mrs. Chester Hoag of Hollywood entertained over the weekend Mr. and Mrs. Henry Whittemore of St. Louis, Mo., who are passing the summer at their home in Montecito. Mrs. Whittemore is a niece of Mrs. Hoag and sister of Miss Cora McClay, who made so many friends in Los Angeles during her visit here last year.

Mr. and Mrs. Whittemore are planning to come down again some time this month and will pass a fortnight with the Hoags, and several affairs will be given for them. Mr. and Mrs. Hoag are planning an eastern trip early in the fall, and will visit in New York City and other points of interest.

**Scholarship Luncheon**  
The first scholarship luncheon ever held by Southwestern University will take place at the Hotel Alexandria Saturday noon. Portia's Daughters, women law students of the law student in the graduating class with the highest record.

**At the Gables**  
Mrs. T. Wolf of 5106 Bonaire avenue, Los Angeles, and Mrs. Suckoff of 801 South Mainfield avenue, Los Angeles, were cohostesses at an attractive bridge-luncheon at the Gables Club, Santa Monica, Tuesday. Their tables were artistically decorated with spring flowers.

Guests included Mrs. H. I. Lewis, Sydney Lewis and Mrs. M. Kats of Chicago; Mrs. J. Steiner of Gary, Ind.; Mrs. W. L. Feuer, Mrs. M. Miller, Mrs. M. Kreiman, Mrs. E. Millstone of Cleveland, Mrs. I. Waters, Hortense Waters, Mrs. D. Levine, Mrs. M. C. Cohen, Mrs. S. Newman, Mrs. M. Newman, Mrs. F. M. Hirsch, Mrs. R. Hepp, Mrs. F. Leaky, Mrs. H. Flischer, Mrs. J. Friedman, Mrs. M. Stein, Mrs. I. Volan, Mrs. T. Wolf and Mrs. M. Netter and Miss Mildred Liebolt of Springfield, Mo.

## NANCY PAGE

Frozen Chicken Salad Is a Summer Delight  
By Florence La Gache

Lots was in earnest conversation with Nancy. "I want to serve something different," I want it prepared before the guests come. It is substantial, for they will be ravenous after that long motor ride. Now, Nancy, darling, put on your waiting cap and tell me what to have and how to make it."

Nancy darling obediently did as she was told. The result justified Lot's faith. At least, you would have thought so if you could have heard the guests exclaim over the first course served at luncheon on that hot August day.

Lots brought in a platter holding a round, creamy mold surrounded by crisp, green lettuce, round, red radishes and sections of cold and white hard-cooked eggs.

**CHICKEN-SALAD LOAF**

The dish was a frozen chicken salad loaf.

She used two cups of cooked chicken cut in cubes, one-quarter cup of each of sliced olives and green peppers, three-quarters cup of chopped celery, one cup of heavy whipping cream and one teaspoonful of gelatin. Put one tablespoonful cold water with this two cups of grated cheese, and one cup of chopped chicken, press into mold and bake until the cheese is melted.

Drain the milk from the coconut, bake the potatoes until tender. Cut lengthwise and remove the centers, place in a warm bowl and

## CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Every Tuesday and Friday at 2 o'clock Dr. Philip M. Lovell will conduct a free class and demonstration of dietetic cooking in the lecture room of the Southwest Building, 136 South Broadway.

**Breakfast**  
Sliced Peaches  
Coddled Eggs  
Apple Pancakes  
Maple Syrup  
Coffee  
Luncheon  
Cheese and Chicken  
Jamaican Potatoes  
Carrot and Watercress, French Dressing  
Chocolate Pudding  
Tea  
Dinner  
Tomato Bouillon  
Olives  
Spanish Steak  
Scalloped Cabbage and Tomatoes  
Waldorf Salad, Cream Dressing  
Plum Pudding  
Coffee

**CHEESE AND CHICKEN**  
Rub the yolk of one hard-boiled egg to a paste with a tablespoonful of oil or melted butter; add to this a scattering of salt, one teaspoonful of made mustard, one teaspoonful of sugar, one-fourth of a teaspoonful of cayenne pepper; mix with this two cups of grated cheese, and one cup of chopped chicken, press into mold and bake until the cheese is melted.

**JAMAICAN POTATOES**  
One can of fresh grated coconut, six medium-sized potatoes, two tablespoons of butter, one teaspoonful of salt, half a cupful of coconut milk, one-quarter of a teaspoonful of cayenne pepper.  
Drain the milk from the coconut, bake the potatoes until tender. Cut lengthwise and remove the centers, place in a warm bowl and

SNAPSHOTS OF THE MILLENNIUM  
"Mrs. Mazuma, I've just found this old Grand Rapids one-arm piece and that almost priceless old ice refrigerator."

CHUCKLES from LIFE

Sea Fever  
A Flapper's Interpretation of Maudslayi  
I must go down to the sea again,  
To the lonely sea and the sky,  
And all I ask is the sea and the sky,  
And a star to steer her by,  
And a ship to sail her on,  
And a captain to sail her on,  
And a crew to sail her on,  
And a harbor to sail her on,  
And a quiet place near the wheel-  
house where the boys and I can  
sneak.

Oh, all I want is a game of bridge,  
and a book, and a cup of tea,<  
And a rowdy game of shuffleboard in  
a white skirt flowing free,  
And a glance in the main compan-  
yway, with the ocean flat as  
glass,  
In the arms of a group of college  
boys, traveling second-class.

Oh, a salt tub in the morning, and  
the Ocean Times to read;  
And some bouillon in my steam-  
er-chair, whenever I feel the need;  
A portouse or two to look at, an  
affair with a fellow-rover,

And a boat-train waiting at Char-  
lestown, when the six-day trip is  
over.  
—Norman R. Jeffray.

"The old-fashioned business man  
who had a good head for figures  
now has a son with a good eye  
for them."  
"Gee! That was a good dinner,  
Aunt Mary," Junior observed. "I  
don't know when I've been so mis-  
erable!"  
From the newspaper headlines  
after the attempted assassination of  
Benito Mussolini, one might judge  
that the dictator has a good nose  
for news.

"Why did he give up leading the  
simple life?"  
"He found it too complicated."  
Confession is good for the soul,  
but it is bad for the reputation.

## BOYS' TRIP ENDS IN FRESNO

Three Youngsters Start Around World, Only to Run Out of Gas When Policeman Appears

FRESNO, July 31.—Keith and Kenneth Briley, 12-year-old Compton twins, and George Goodwin, 15, of Los Angeles, thought a trip around the world would be the thing, and they started out, but got only this far before they ran out of the law. They are awaiting the arrival of Los Angeles authorities to take them back home.

## GROWERS TO BE ADVISED WITH RADIO

Imperial and San Joaquin Valley Ranchers to Receive Market Reports Via Air

BRAWLEY, July 31.—Market news reports designed to keep local growers and shippers in closer contact with consumers are to be provided for Imperial Valley by radio, according to assurances given today by B. H. Crutchfield, chief of the State Division of Markets, in a letter to M. D. Witter of the Brawley News.

Tests of the proposed radio service were made here by Department of Agriculture representatives two months ago and were so satisfactory that it was determined to install the service for Brawley, El Centro and San Joaquin Valley points.

An application for the broadcast of the service has been approved by the Radio Commission at Washington, it was stated. The tentative program includes short-wave dot-and-dash sending and receiving stations. It will be in operation during the lettuce and melon season here.

## CORONA BOY BREAKS NECK WHILE AT PLAY

CORONA, July 31.—In company with several other children who were playing near the packing plant close to the Pacific Electric station, a Corona boy, 11 years of age, met with an accident which resulted in his death shortly afterward.

The young lad, who resided with his parents at 15 Ramona avenue, slipped and fell down an embankment striking his head on the ground with such force as to break his neck.

When he failed to get up his playmates ran screaming home and alerted the police. The coroner's jury, which held an inquest on the body of the boy, found the cause of death to be fracture of the neck.

## AZUSA PLANS SPACE AT LOS ANGELES FAIR

AZUSA, July 31.—At an unofficial session of the City Council last night, Councilmen voted to appropriate \$300 to the Chamber of Commerce to place an exhibit at the Los Angeles County Fair, which will be held in Pomona from September 18 to the 23rd, inclusive.

C. E. Williams, president of the chamber, will appoint a committee this week to take charge of the exhibit, which is to be housed in the old building at the fair grounds.

## LEGION TO SPONSOR COMMUNITY CONCERT

SIERRA MADRE, July 31.—The community concert Friday night will be sponsored by Sierra Madre Post 278, American Legion, with Father J. Roman, chaplain, in charge of the program. The drama "The Drum" will be presented.

The concert will feature the program of instrumental and vocal music and classic drama by professional talent.

## CITY INVESTIGATING RADIO INTERFERENCE

VENTURA, July 31.—Investigation of the causes of radio interference in Ventura has been undertaken by the City Council. The Land and Buildings Committee was last night authorized to make a study of the causes of such interference.

It is the Council's idea that, if necessary, a radio expert may be called upon to assist in finding the cause of the interference.

When located, the remedies may be taken up by the Council, by the National Radio Association or by local radio owners.

## BREAKFASTEERS TO VOTE

FOOTHILL Organization to Select New List of Officers at Election on Thursday Morning

ARCADIA, July 31.—A new board of directors will be elected by the Foothill Breakfast Club Thursday morning and from the directorate of fifteen a cabinet of four officers will be selected.

On the nominating committee are: Murray S. Voeberg, Arcadia; Clyde H. Young, El Monte; Ira Fontana, Baldwin Park; A. E. Stockburger, Alhambra; and R. M. Thurin, Altadena.

Officers include Fred T. Beatty, president; Walter Dexter, vice-president; A. N. Muller, treasurer; and M. C. Voss, secretary.

On the morning of August 9 the breakfasters will celebrate "Ladies Morning" with a gala program featuring a fashion revue under the direction of Miss Peggy Hamilton, fashion critic of The Times. Each city represented in the club will have a representative in the show.

The appearance of a young lady in the revue, which will be staged as a contest and a prize will be awarded to the winner who will be selected by Miss Hamilton and a group of movie celebrities as judges.

## MISSION BELLS TOLL WEDDING

Couple Take Vows in Romantic Rite

Mr. and Mrs. Charles Petty, Orange county bride and groom, whose wedding took place in the mission at San Juan Capistrano.

AN JUAN CAPISTRANO, July 31.—Never since the marriage of the belle of the town, Miss Panchita Jauregui, to George Leque back in the year 1911, has there been a wedding at the mission as elaborate and largely attended as the ceremony in which Miss Katherine Isch, daughter of Mr. and Mrs. J. N. Isch of Laguna Beach, became the bride of Charles Petty, son of Dr. and Mrs. Charles Petty of Fullerton.

Friends of the couple witnessed the event under the arches of the aged mission, in a setting that was like a page taken from the history of the early California days. At the end of the ceremony, the mission's bells rang out the tidings.

The bride was chosen as the queen of the first Laguna Beach fiesta and she has been known as Queen Katherine the First. She is a graduate of the University of California.

In the bridal procession, following the bride, were the bridesmaids, the matron of honor, Mrs. Walter J. Joyce, sister of the bride; the flower girl, Miss Gertrude Rich of Los Angeles; and Miss Little Florence West, daughter of Mr. and Mrs. E. West of Laguna Beach, as flower girl.

The best man was Robert Constantine of Fullerton, the ushers were John Bryan of Fullerton, Clifford Tabor of Anaheim, Wendell Irwin of Fullerton and Walter Smith of Laguna Beach.

PIONEER CELEBRATES NORTH HOLLYWOOD, July 31.—L. H. Griffin of the Los Angeles fire department, has been appointed president of the North Hollywood fire station through the retirement of Capt. James Fraser, who will take up his duties tomorrow.

Capt. Griffin has been with the department for sixteen years. Capt. Fraser has been retired on pension after a service of twenty years.

SCHOOL NAME CHANGED SEPULVEDA, July 31.—Miss Evelyn Eads, principal of the school here, has been notified by the Los Angeles Board of Education that the name of the school has been changed from Mission Acres School to Sepulveda School.

REPAIR WORK FINISHED SIMI, July 31.—The detour which has been in use just east of here on the Los Angeles-Santa Susana-Ventura route is no more necessary. Repair work on the main highway is now completed and is being used again by traffic.

ENGLAND ADOPTS LEMONADE UPLAND, July 31.—England is going in strong for lemonade this summer, according to shipments of the fruit from Ontario-Guamanga fruit exchange. The first complete carload of lemons to be sent to England was on the way for Great Britain today.

POWER LINE OPPOSED FULLERTON, July 31.—With a view to forcing a definite organization to employ complete and a determined fight, efforts were being made today to sign up property owners representing at least 1000 acres within Orange county which will be affected by the proposed high-voltage line of the Southern States Power Company.

That the efforts of property owners to fight the project are having some effect is indicated in a letter received by Gaston Beauchamp, committee chairman, from the power company. The letter, which was generally considered an attempt to settle the local situation, was not given serious consideration at the meeting, activities proceeding regardless of the assurances contained.

## BOTTLES EXIT FROM AUTOS

Traffic Officers Stop Cars for Driving Past Stop Signals and Deluge of Alleged Liquor Containers Emerges from Majority of Machines

UPLAND, July 31.—Reason for so many broken bottles and such a pile of glassware on display in the police station was divulged today by Deputy Sheriff J. A. Larson and County Motorcycle Officer Frank Freeman.

The two officers were posted at the intersection of Arroyo Highway and Turner avenue Saturday night to keep an eye open for violators of the Boulevard stop signal.

A motorist sped across the intersection without stopping. The traffic officer whistled the driver to a halt. A crash of smashed glass echoed from the car and a pool of asserted liquor flooded the pavement.

The occupants evidently thought the police were seeking liquor carriers.

Two broken bottles were gathered up by the police and a charge of breaking glass on the highway was placed against the driver.

Another car dashed toward the intersection without stopping. It too was flagged down. Again a bottle was smashed on the pavement, and another charge of breaking glass on the highway.

Along came the third motorist, with the same procedure, broken glass and citation to court for smashing glass on the pavement.

In the short time Larson and Freeman were at the intersection they brought six automobiles to a halt. Bottles crashed out of each car. In a few instances two bottles were hurled out. Thirteen broken bottles were acted from the six automobiles.

## CITIES ASK TO USE FUNDS

Orange County Municipalities Want Permission to Spend Part of License Money on Highways

FULLERTON, July 31.—Cities of Orange county may be apportioned a share of the county auto license funds by next year for use on through streets, under an arrangement toward which Chairman William Schumacher, of the County Board of Supervisors is working, he told representatives of this city today.

## EX-OFFICER SUED OVER OLD ACTION

Former Hawthorne Chief Defendant on Charge of False Arrest

HAWTHORNE, July 31.—Former Chief of Police Burr Robertson has been made defendant in a suit asking \$20,000 damages for false arrest in a complaint filed by Mrs. Minnie Wright. The civil suit follows an action taken by Mrs. Wright in which Robertson has been summoned to appear before Judge Wood of the Southern district court on August 2 on similar charges. The date for the hearing of the civil action has not yet been set.

Robertson's actions are the outcome of an arrest made on June 14, last, in which Robertson, who was then Chief of Police, was arrested by Officer William Hartnell, went to the Wright home at 559 York avenue and took into custody Mr. and Mrs. Wright.

Robertson and E. M. Wilson on charges of disorderly conduct. The case was dismissed after an official change in which Chief Robertson was removed from office.

## Insect Breeding Laboratory Will Assist Growers

REDLANDS, July 31.—Dr. A. C. Baker, Dr. E. A. McGregor and Dr. F. R. Cole of the Bureau of Entomology and Plant Quarantine, U. S. Department of Agriculture, will assist growers in the laboratory of the Southern California Fruit Experiment Station.

The laboratory will be for the purpose of breeding and providing insects for the control of the fruit growers and which can be turned loose in the orchards to do their work. It is not known just where it will be established, but decision on this will be made soon.

The conference today was called by Mark Anderson, of the Redlands Highlands Fruit Exchange and included members of the citrus committee of the Chamber of Commerce and leading growers. M. W. H. Williams, County Treasurer, was made the chairman of the meeting. Other fruit growers are as much interested as citrus growers, because the insects are to be for their benefit as well as the citrus industry, it was stated. The citrus industry will receive a great deal of attention.

## NOISE BRINGS LAPSE OF DRIVING LICENSE

REDLANDS, July 31.—Automobile drivers who have been disturbing the citizens of the Community Music Association to the big band near the library will think before they do it again. Walter Thomas, Chief of Police, announced today that he has suspended the operator's license of one man caught doing this and that others would be suspended for periods from one month to six months.

Thomas says that people who park near the howl are to leave their machines until the concert is over. Those who do not do this and disturb a concert, which is furnished free to the people of the city, will be relieved from driving for a period at least.

## WOMAN SENT TO JAIL FOR SUSPENDED TERM

HUNTINGTON PARK, July 31.—After entering a plea of guilty to possession of liquor, Mrs. Marie Geraci was sent to the County Jail to serve a suspended term of ten days by Judge Louis Budway of the city court. The woman had been found guilty of a possession charge several weeks ago, and was sentenced to a suspended term of ten days.

Thomas says that people who park near the howl are to leave their machines until the concert is over. Those who do not do this and disturb a concert, which is furnished free to the people of the city, will be relieved from driving for a period at least.

## REDLANDS INVITING LINDBERGH AS GUEST

REDLANDS, July 31.—United effort to bring Col. Lindbergh to the city during the time that he will be a visitor at the League of Municipalities convention in San Bernardino is being stepped up by five local service clubs. This decision was reached this morning at a meeting of the interclub council at the Chamber of Commerce.

A. E. Isham, secretary of the interclub council, and of the Chamber of Commerce, will enter into negotiations with the famous flyer.

ENGLAND ADOPTS LEMONADE UPLAND, July 31.—England is going in strong for lemonade this summer, according to shipments of the fruit from Ontario-Guamanga fruit exchange. The first complete carload of lemons to be sent to England was on the way for Great Britain today.

POWER LINE OPPOSED FULLERTON, July 31.—With a view to forcing a definite organization to employ complete and a determined fight, efforts were being made today to sign up property owners representing at least 1000 acres within Orange county which will be affected by the proposed high-voltage line of the Southern States Power Company.

That the efforts of property owners to fight the project are having some effect is indicated in a letter received by Gaston Beauchamp, committee chairman, from the power company. The letter, which was generally considered an attempt to settle the local situation, was not given serious consideration at the meeting, activities proceeding regardless of the assurances contained.

## NEVADA PINES' AGES SET

Scientist Determines That Trees Are Exceeded in Years Only by California Sequoias

RIVERSIDE, July 31.—That yellow pine trees of Southern Nevada have been found to exceed 500 years in age and that, next to the giant sequoias of California, are the oldest living things in the western part of the continent, are facts among the interesting data compiled by Dr. William Douglas of the University of Arizona, according to Edmund C. Jaeger of the Riverside Junior College, who has returned from a six-week geological survey of mountain and desert lands of Nevada, Utah and Arizona.

By means of a special instrument the scientist is able to obtain boring of trees. Study of these borings tell the same story of the cycle of seasons as do the study of the rings of the giant California redwoods of the forest, according to Jaeger. Not only do the rings of the trees correspond with the dry and wet seasons as indicated by the

## SUICIDE LAID TO MAD RAGE

Rancher Starts Gunning for Neighbor's Family

Wife Pleads for Husband to Abandon Purpose

Argument Ended When Man Shoots Himself

PLACENTIA, July 31.—Rage directed toward a neighbor and suddenly turned upon himself moved Ernest O. Miller, 47 years of age, a rancher, to end his own life last night.

That was the interpretation of the suicide placed by Coroner Charles D. Brown and deputy sheriffs who investigated the case. Coroner Brown announced that there would be no inquest, the death of Miller being manifestly a suicide.

According to information received by the officials, Miller had held a grievance against a member of the neighbors, James J. Miller. This had disturbed him for several days, Mrs. Miller told the officials.

Last night at 8 o'clock he suddenly flew into a towering rage against a son of a neighbor family, started from the house with the sword pointed at the neighbor's house. Mrs. Miller pleaded with him to abandon his purpose, and Miller, evidently turned insane by the moment, suddenly changed his mind.

"All right, then, I'll myself," he said, and he turned the weapon against his right arm before Mrs. Miller could intervene. The trigger was pulled, he killed himself instantly, and he fell in the pathway before the Miller home.

Mrs. Miller told officers that her husband had had some dispute with the neighboring family over breeding stock.

## Unclean Drain Provides Proof

EL MONTE, July 31.—The importance of keeping a sink trap clean was demonstrated when Mrs. Rose Ramirez of Redlands was found guilty of possession of liquor by a jury consisting of eleven women and one man. Testimony showed that the defendant had been caught at the door Mrs. Ramirez emptied a gallon jug of alleged whiskey down the sink.

The 14 for the jury, and the jury of the county dry squad, sprang into action immediately, uncovered the pot still and the wine still, succeeded in recovering about a pint of fruit which the county found to contain more than the legal amount of alcohol. Judge J. G. Wilson sentenced Mrs. Ramirez, whose county records show she has never before been convicted of serving a term in the County Jail, more than 2000 into the county treasury in liquor fines, to pay a fine for each day of 100 cents in the County Jail.

## MINES FIELD TO HAVE BRANCH POSTOFFICE

INGLEWOOD, July 31.—In response to a request made recently by Postmaster Fred E. Laxdal of this city, to the Postoffice Department, a letter from Postmaster General John H. Bartles received today authorizes the establishment of a branch postoffice at Mines Field.

This branch, according to the official communication, is to be opened on August 20 and to be closed on September 22.

In this connection, Mr. Laxdal said that he had not yet decided to whom he would place in charge of the branch.

The National Air Race officials are planning special post cards of the races and exposition, which have already been printed, with the exception of space for an illustration of the day's race. These will be taken on the opening day and the work of the races and exposition, which will be held on the second day of the exposition. It is anticipated that thousands of these will be mailed from the Mines Field branch postoffice.

## ORPHANS GUESTS OF SAN FERNANDO ELKS

SAN FERNANDO, July 31.—More than 600 orphans will be the guests of the local Elks at the Frontier Day celebration to be staged by that organization at the Baker Ranch, August 12.

Leard Johnston, a member of the committee in charge of the Wild West event, is making arrangements to have the total taken in automobiles from the home here to see the cowboys, cowgirls and bucking bronchos.

## HOTEL GUESTS GREETED

HERMOSA BEACH, July 31.—The usual custom of giving a warm greeting to the Hotel Crestview Association of Southern California was observed here yesterday when they were official guests of this city at the annual beach picnic on the municipal pier. The Crestview were met at the city limits by motorcycle escorts and received the key to the city from the hands of Mayor Heston.

The Mayor was general chairman and surf bathing, fishing and athletic events filled the day.

Entire Cast of "The Desert Song," Current Production at the Majestic Theater, were guests Sunday of Lillian Albertson, producer, at her Beverly Hills estate. Most of the players took advantage of the swimming pool on the grounds. Miss Albertson and her guests are pictured above on the lawn of the Albertson home.

Most Spectacular Steamboat Race Since Days of Natches and Robert E. Lee was recently staged on the Ohio River between the packets Chris Green and Belle Ann. More than 50,000 spectators lined the river bank between Cincinnati and Richmond, O., cheering the river boats on. The two packets are shown in action in this photo. (P. & A. photo.)

## OUR HISTORY IN PICTURES 1095 The Capture of Aguinaldo (Part Three).

by J. CARROLL MANSFIELD

ON THE NIGHT OF MARCH 6TH, 1901, THE U. S. GUNBOAT "VICKSBURG," CARRYING THE MEMBERS OF GEN. FUNSTON'S SECRET EXPEDITION TO CAPTURE AGUINALDO, SLIPPED OUT OF MANILA BAY, BOUND FOR THE EAST COAST OF LUZON. ONLY THE LEADERS KNEW THE REAL NATURE OF THE HAZARDOUS ENTERPRISE AND THE REST WERE NOT TOLD UNTIL THE "VICKSBURG" WAS A DAY AT SEA.

MARCH 14TH, ON A NIGHT OF STORM AND DRIVING RAIN, FUNSTON'S LITTLE FORCE LANDED ON THE WILD SHORES OF CASIGURAN BAY. THEY WERE NOW IN HOSTILE COUNTRY. THE MARCH NORTHWARD WAS AT ONCE BEGIN, AND AT DAWN THE PARTY REACHED THE LARGEST TOWN OF CASIGURAN.

THEY WERE WELL RECEIVED BY THE INHABITANTS, WHO SET ABOUT GATHERING CRACKED CORN TO FEED THEIR GUESTS. THE SUPPOSED "INSURGENTS," MARCH 16TH, LETTERS WERE SENT FORWARD TO AGUINALDO BY RUNNER, ANNOUNCING THE COMING OF THE "REINFORCEMENTS."

DURING THE TWO DAYS, THE FUNSTON PARTY REMAINED AT CASIGURAN, THE FIVE AMERICANS, ATTACHED TO THE EXPEDITION WERE CONFINED AS "PRISONERS," AND WERE A GREAT "SHOW" TO THE LOCAL NATIVES, WHO HAD NEVER SEEN AMERICANS BEFORE.

## ARRESTS NEAR IN GANG DEATHS

Sheriff's Aide States New Clues Discovered

Higher-Ups May Be Found in Local Murders

Police With Police Denied by Truog's Office

The "powers" behind the slaying of W. J. Cassidy, 65-year-old police officer, and August Polombo, assistant "racketeer," of the Italian mafia are known to the Sheriff's office and newly obtained clues indicate that those responsible will be taken into custody within a few days, according to an announcement made by Capt. Bright, chief of the Sheriff's office.

Truog's homicide investigation detail.

At the same time it was revealed that Deputy Sheriff Croushore and several investigators in charge of the case have obtained evidence indicating that Polombo may have been the man who took Cassidy for a ride, only to be shot down himself a few days later for "talking too much."

Local Tassell and Vito Diavolo were held in the County Jail meanwhile, suspected of having participated in the slaying of Cassidy, while officers continue their investigation.

R. H. Wright, chief of the criminal department of Sheriff Truog's office, last night branded as fiction reports that a split between the Sheriff's office and the police department has developed as a result of the gangster murders.

"We are co-operating with the police department the same as we have done," Capt. Bright said. "And the police department is reciprocating in every possible way. These rumors obviously are propagated by underworld characters who would hamper our work."

## SPOTLIGHT'S TURNING OFF IRKS HERMIT

Eremit Lured from Hills to Hollywood Now Wants Damages for Lost Fame

"Peter the Hermit," well-known character of the Hollywood hills, is grudgingly giving up his seclusion and preparing to come forth from his seclusion and put up the fight of his life on October 2.

On that date Peter will appear in Superior Court with his attorney, E. H. Woodard, demanding that the court compel Edwin Carrow, motion-picture producer, and Count Ilya Tolstoy, writer, to pay him \$120,000 as damages.

Peter, who is said to be 88 years of age, will come into court to prove that he was the only logical person to play the leading role in the picture "Resurrection," produced two years ago by Carrow from a story written by Count Tolstoy.

The aged contender, whose real name is Peter Howard, appeared in the court of Superior Judge Bishop yesterday prepared to prosecute his suit, but following a conference between Judge Bishop, Attorney Howard and Attorney W. I. Gilbert, counsel for Carrow and Tolstoy, the hearing of the case was put over until October 2.

In his complaint the aged hermit asserts he was promised the lead in "Resurrection," that a great amount of publicity was given the fact and that then the producers made the picture without his services.

## Attorney Held in Fraud Case

Accused of concealing assets of an Arizona firm while the company was going through bankruptcy, Weldon J. Bailey, a local attorney, was arrested yesterday by Deputy United States Marshal Mangin.

## RAILY DISABERED IN ARIZONA FOR PRACTICES

PHOENIX, July 31. (P)—Weldon J. Bailey was disabled by the Arizona Supreme Court more than a year ago and his name ordered stricken from the roll of attorneys licensed to practice in this state.

## Stunt Brings Fame Seeker to Hospital

An obsession that she must do something sensational in order to "get in the films" resulted last night in serious injury to Ruby Corder, 20 years of age, of 1236 Georgia street, when she leaped from the roof of her home to the pavement.

## Queer Case of Unconsciousness Causes Inquiry

A man believed to be Martin S. Moore of 1117 1/2 South New Hampshire street, in the psychopathic ward of the General Hospital, and Georgia-street police station detectives are investigating the peculiar circumstances under which he was found unconscious.

## AUTOS STOLEN

The following cars were stolen in the past twenty-four hours from the streets of Los Angeles, according to the theft bureau of the Automobile Club of Southern California:

Buick coupe, 1920-077; Nash roadster, 325-777; Ford roadster, 1250-073; Ford roadster, 505-802; Packard roadster, 980-842; Buick coupe, 1510-677; Buick coupe, 1041-004; Buick roadster, 194-913; Star coupe, 1454-706; Ford roadster, 1488-215; Chrysler, 1639-861; Buick touring, 1397-536; Ford sedan, 1231-886.

## RUSTLERS RIDE ON LAST RAID

Desperate Trio of Hoss Thieves Surprised in Pasadena Glen; Covered by Grim Muzzle of Monkey Wrench, Trapped Malefactor Bows to Fate

Harvey Gower, chief of the trio of rustlers, sat on a high point in Pasadena Glen. One of his pards, Peyton Wilson, was busy flipping flapjacks in his best Zane Grey manner in the glen below. The third of the trio of Pasadena's fiercest hoss thieves had gone to water the stock. All was quiet in the bandit camp and the boys were ready for their trip east by horseback. The adventurous spirit of the West was rampant.

Into this romantic scene stepped John Chalk, third of the trio, accompanied by Deputy Sheriff Pachman, Parker and Reynolds of Altadena station. With them came a posse of citizens. Chalk was a captive. A few minutes later so were Wilson and Gower. The horses of the four men were captured after an hour of hectic work by the posse.

Then came the show-down and the trio was turned over to Van Nuys police to be booked on charges of suspicion of grand larceny. It developed that P. G. Elling-

## SIXTEEN VENICE GAMES BARRED

Police Commission Lists Them as Gambling

Owners Given Time to Put in Other Devices

Flasher, Tango and Ringo Go Under Ban

Permits of sixteen firms and individuals to operate games at Venice were suspended yesterday by the Police Commission until such time as they can substitute, to the satisfaction of the commission, real games of skill and science instead of games of chance as charged.

The action was taken on recommendation of City Prosecutor Lickert, on motion of Commissioner Gilmore, seconded by Commissioner Pierce, and approved by Commissioners Thorpe and Gollum, after a hearing in which counsel for the concessionaires promised any reforms necessary because of the hardship it will impose on their clients to be closed up at the peak of the busy season.

The suspension follows closely on the heels of the ban on "Flasher," "Tango" and "Ringo" games, which were also suspended.

John Dobert, operating at Morrell and Ocean front in Venice, included in the list for citation yesterday, was exonerated when Investigator Wallis of the Police Commission reported his name had been included by error and that he was not operating games of chance.

Suspensions were for operating "flasher," "tango" and "ringo" games and included A. Carpenter, D. J. Davis, Sr.; Leo Freed, E. Gamble, J. D. Jones, C. L. Langley, Robert Valdez, Charles Tuman, Ben Shaw, K. Oye, Frank Futura, Robert Eastham, Ollie Astell, C. L. Langley on a second charge, and Brownfield & Hart.

Attorney R. C. Gardner, counsel for the Abbott-Kinney Company, represented the defendants and said S. W. Thompson appeared for them.

Gardner questioned the board's right to pass on the question of whether the games are those of skill or of chance, saying it is for the board to decide. He said the board's right to revoke licenses it had granted to the operators to conduct games but said the board had no right to suspend the licenses of the same operators conducted at various resorts along the Coast as those of skill and science. He said Dist. Atty. Keyes had vainly insisted that the games in connection with games operated in Santa Monica.

## ONE EXONERATED

John Dobert, operating at Morrell and Ocean front in Venice, included in the list for citation yesterday, was exonerated when Investigator Wallis of the Police Commission reported his name had been included by error and that he was not operating games of chance.

## WILL CHANGE GAMES

Gardner argued that in view of the District Attorney's ruling the concessionaires should be allowed to change the games to those of skill and science, but that rather than be closed up during the busy season they will eliminate the questionable games.

## ANOTHER AIR LINE EAST PROJECTED

Passenger Service to Dallas Using Fleet of Seven Planes Proposed

Another link in interstate air-passenger lines will be established November 1, when the Aero Corporation of California and the Standard Airlines inaugurate a direct line between Los Angeles and Dallas, Jack Frye, president of the company, announced yesterday in Phoenix.

## SCHOOL TO ENTERTAIN

Pupils of Clara Weaver's School of Oratory will give an entertainment tomorrow evening in the Salvation Army Temple, 632 West Ninth street, Miss Weaver announced yesterday.

## COURT CREATES RADIO WIDOW

Woman Given Divorce When She Tells of Husband's Maints for New Sets

Herein enters what may be termed the "radio widow."

Mrs. Aletha F. Gregory appeared before Superior Judge Hight yesterday asking for a divorce from A. E. Gregory.

Mrs. Gregory asserted her husband is a radio "bug," who spends all of his salary on new sets, and all of his time tinkering with them. This sort of conduct Mrs. Gregory asserted to be cruelty, and she asked for a separation.

The wife further contended that when she remonstrated with her husband for buying so many new radio sets he beat her and told her if she did not like it she could "get out."

The decree was granted.

## Sheriff Installs Hollywood Post

A Hollywood celebration formally opened the new Hollywood station of the Sheriff's office at 1120 North Fairfax avenue last night.

Sheriff Truog presided. The new link in the county's force of law enforcement stations will be in charge of Capt. W. J. Hanby. Eleven deputies have been assigned to work under the new station.

Westwood, Santa Monica, Sawtelle and other districts west of Ventura Boulevard and north to the Ventura county line will be quicker service with the stationing of a squad of deputies at that point.

Sheriff Truog said in an address to those who attended the opening.

## JUST BE COOL! TWASN'T HOT

Weather Man Gives His Word That It Was Merely Nice in City Yesterday

No use mooping your brow today and complaining about the heat, because it is not going to be hot, and if you did any moaning yesterday you should be ashamed of yourself, because it wasn't hot, either. In fact, there is no heat to speak of, and the present weather could be termed fine cool average summer time.

If after reading the above you entertain any doubts, call up the United States Weather Bureau and they will be dispelled. Col. Hersey, the official weather man, yesterday announced the maximum temperature as 85 deg. and the minimum 63.

Additional information gathered from Col. Hersey was to the effect that the present weather will remain with us for some time, that Monday was about as hot as it was yesterday, and that this year at this time it was just a little bit cooler.

## ANTLERS TO HOLD STATE MEET HERE

Junior Elksdom to Have Three Days' Session for Business and Frolic

The Order of Antlers of California will open its fourth annual State convention tomorrow morning in the Elks Temple, opposite Westlake Park, with registration and delegates from thirty-one lodges in California.

This organization is sponsored by the Elks and is comprised of sons of Elks who later will be taken into the parent lodge. Instituted seven years ago, the Antlers organization has grown to a State membership of 2500 and a local one of 450, the members ranging from 18 to 21 years of age.

Los Angeles Lodge No. 11, has made preparations without limit for entertainment of visitors.

Business meetings will be held Friday and Saturday mornings and Saturday afternoon.

Entertainment will include visits to the studios, the beach cities and the Hollywood stadium. Tomorrow evening Santa Monica Lodge of Elks will entertain the boys at dinner, followed by a pajama parade on the beach.

Friday evening a banquet will be held in the Los Angeles Elks Temple, at which time the Elks of the Coast will give a presentation to the Antlers.

Saturday evening a gala ball will be held in the Elks Temple, at which more than 500 Antlers will be present.

## TRAVEL BUREAU HEAD ENDS EIGHTH CIRCUIT

Almost 400,000 miles of travel by steamer is the record of D. F. Robertson, who returns today from his eighth trip around the world. His last voyage was made as leader of a party of forty Southern Californians who sailed from Los Angeles on April 18. The party visited Hawaii, Japan, China, the Philippines, Straits Settlements, Ceylon, Egypt and Palestine. On reaching European waters they toured Denmark, Italy, Switzerland, Germany, Belgium, France and the British Isles. Robertson has been manager of a travel bureau here for twenty-four years.

## HOLLYWOOD ACTRESS ADMITS ENGAGEMENT

Duane Thompson to Wed Buddy Wattles, But Date of Event in Doubt

A new Hollywood romance was revealed yesterday when Duane Thompson, film actress, admitted her engagement to Buddy Wattles, a musical-comedy player. She said they have not set a date as yet for the wedding and that the betrothal will be announced formally at a later date.

Miss Thompson admitted yesterday that she and Wattles wanted to keep it all a secret for a while, at least, and was puzzled to know how the secret got out.

The actress said their romance began about six months ago, although she and Wattles had met prior to that time. Wattles is known in stage circles as the "Buddy" and in New York. He played the lead recently in Los Angeles in the musical comedy, "Hit the Deck."

## SECRET OF BETROTHAL DISCLOSED

Duane Thompson to Wed Buddy Wattles, But Date of Event in Doubt

A new Hollywood romance was revealed yesterday when Duane Thompson, film actress, admitted her engagement to Buddy Wattles, a musical-comedy player. She said they have not set a date as yet for the wedding and that the betrothal will be announced formally at a later date.

Miss Thompson admitted yesterday that she and Wattles wanted to keep it all a secret for a while, at least, and was puzzled to know how the secret got out.

The actress said their romance began about six months ago, although she and Wattles had met prior to that time. Wattles is known in stage circles as the "Buddy" and in New York. He played the lead recently in Los Angeles in the musical comedy, "Hit the Deck."

## VENTURA APPROVES FULL-TIME NURSE

VENTURA, July 31.—As a step toward better health conditions throughout Ventura county, the board of Supervisors today unanimously decided on the employment of a full-time county nurse to work under the direct supervision of Dr. J. A. Riney, county physician.

This such a controversy which has waged between the board and citizens interested in an improvement of Ventura county's health record over a period of ten years.

## ACTION AGAINST DYER ASSAILED

Local Minister Testifies for Wilshire Pastor

Declares Board's Attempt at Unfriending Illegal

Case Expected to Go to Judge Friday for Decision

Members of the Los Angeles Association of Congregational Churches and Ministers had no right of authority under Congregational law and usage to attempt to defrock Dr. Frank Dyer, pastor of the Wilshire Boulevard Congregational Church, Rev. Alfred W. Hays, pastor of Park Congregational Church of Los Angeles, principal witness for the defense, testified yesterday at the conclusion of his testimony.

Two suits are being tried. One asks for an injunction to restrain Dr. Dyer from compelling the pulpit of the church on the grounds he is unfit, and also that he has been defrocked. The other asks an injunction to prevent a board of trustees favorable to Dr. Dyer from participating in the affairs of the church.

MINISTERS ALSO ATTORNEY Evidence was introduced Monday by Attorney George Steele, counsel for the faction opposing Dr. Dyer, to show that action was taken on June 1, 1927, by the Los Angeles Association of Congregational Churches and Ministers, defrocking Dr. Dyer as a Congregational minister after charges of immorality had been preferred.

Dr. Hays, who also is an attorney and an expert in Congregational law and usage, was placed on the stand by Attorney John S. Cooper, counsel for Dr. Dyer, to prove the legality of the association with the Congregational church, according to Congregational law.

The witness declared that a Congregational church is an entire entity by itself. No association has any right or authority to defrock a minister. The defrocking it can go to is to deny a minister fellowship or cancel his fellowship if he is a member of the body, Dr. Hays asserted.

The only action that could have been taken against Dr. Frank Dyer to cast him from the pulpit of the Wilshire church, according to the defense, was by his own congregation.

It is expected the case will reach Judge Rector for a decision by Friday noon.

## WOMEN! Relieve cramps with old remedy

Send for one for old remedy. They tell you that the cramps are caused by poor circulation of the blood. They tell you that the cramps are caused by poor circulation of the blood. They tell you that the cramps are caused by poor circulation of the blood.

WEDNESDAY MORNING.

NOTE LEFT  
NEAR SEA  
PUZZLING

Police Undecided  
On "Suicide" Letter  
Brother, Charles Lloyd

Police last night were puzzled to whether to search the ocean for Santa Monica for the body of the man on the theory that the note was a suicide note, or to look for the body of the man on the theory that the note was a suicide note.

As the result of Lloyd's statement, the police yesterday found a lengthy note signed by Lloyd addressed to Lloyd's estranged wife, in which the man declared, "I made a fool of myself and I am sorry and I am sorry and I am sorry."

The note was beside a coat belonging to Lloyd, who is a well-known actor, at 708 South Street.

Mrs. Lloyd, at her home, 200 Grand View street, told the police that she has been separated from Lloyd for some time and that she has been separated from Lloyd for some time and that she has been separated from Lloyd for some time.

Lloyd is out on bail following conviction of manslaughter, a result of an automobile accident several months ago, and from which he has an appeal pending.

AIR MAIL TO  
GAIN DUE TO  
LOWER RATES

Postmaster O'Brien  
Certain Increase at  
In Use of Service

Use of air mail throughout United States, and especially Southern California, will increase during the year, it was stated yesterday by Postmaster O'Brien in announcing that the new rates for air mail will be in effect.

The new rates for air mail will be in effect during the year, it was stated yesterday by Postmaster O'Brien in announcing that the new rates for air mail will be in effect.

The former rate was 10 cents anywhere in the United States. The new rate is 5 cents anywhere in the United States and 10 cents elsewhere.

Additional announcement, it was also stated that air mail may be used for the delivery of mail or for the delivery of mail.

Additional announcement, it was also stated that air mail may be used for the delivery of mail or for the delivery of mail.

Additional announcement, it was also stated that air mail may be used for the delivery of mail or for the delivery of mail.
